16TH JULY 1889, No. 1901 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

G.O., dated 1st July 1889, No. 384, Educational.

Read—the following paper :—

From the Public Works Department, dated 4th June 1889, No. 273 D.

ABSTRACT.—Referring correspondence on the subject (1) of permitting certain unsuccessful students of the Engineer class to undergo the practical course laid down for the passed students of the Engineer Subordinates' class with the view of granting them certificates as overseers; and (2) of raising the pay of Draughtsmen in the Public Works Department.

Order—dated 1st July 1889, No. 384, Educational.

With the foregoing endorsement the Public Works Department refers, for consideration, the recommendations made by the Board of Examiners of the College of Engineering in paras. 10 and 11 of the report on the results of the examination conducted by them during December 1888, together with the opinions recorded on these recommendations by the Acting Chief Engineer, the Director of Public Instruction, and other officers consulted by the latter.

2. The recommendations are—

- (1) That four students in the Engineer class who failed to qualify for certificates as Associates of Civil Engineering should be allowed to go through the practical course laid down for the Upper Subordinates' class, and on satisfactory completion of this course, granted certificates as Overseers.
- (2) That the scale of pay for Draughtsmen in the Public Works Department should be raised as the present rates are not sufficient to attract men of intelligence and general education to join the college.

3. As regards the first recommendation, the Government agrees with the remarks of the Director of Public Instruction and is not prepared to sanction the proposed concession.

4. In regard to the second recommendation, His Excellency the Governor in Council is of opinion that the present gradation of College certificates and of Draughtsmen in the Public Works Department should be maintained, but that in future Draughtsmen holding second-class certificates shall be eligible for promotion to the first grade if at the end of three years' service they are pronounced competent, and that men in the service shall be allowed to appear at any time as independent candidates for examination for first-class certificates. For the class of special Draughtsmen such certificates should still be required. The necessary orders on this matter will be issued in the Public Works Department.

5. The rule proposed by the Director of Public Instruction that all correspondence between the Principal of the College of Engineering and the Public Works Department should pass through his office, is approved.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

ORDER—dated 16th July 1889, No. 1901 W., Public Works.

Communicated to officers of the Public Works Department, for information and guidance. The requisite standing orders for incorporation with the Public Works Code will be framed by the Examiner, in accordance with para. 4 of these Proceedings.

READ—the following paper:—

Office note from the Examiner, Public Works Accounts, dated Madras, 9th August 1889, No. 1129.

With reference to para. 4 of G.O., Educational Department, No. 384, of 1st July 1889, communicated with G.O., No. 1901 W., dated 16th July 1889, please say who is to be the authority competent to pronounce a draftsman fit for promotion to first class without a first-class certificate from the Civil Engineering College.

ORDER—dated 20th August 1889, No. 2279 W., Public Works.

With reference to para. 4 of G.O., dated 1st July 1889, No. 384, Educational, the Chief Engineer, Public Works Department, is declared to be the authority competent to pronounce a second-class draftsman fit for promotion to first class after three years' service. Specific recommendation on behalf of such draftsmen should be submitted to the Chief Engineer by Superintending Engineers or heads of offices in which the men may be serving.
