READ—the following paper :—

From M.R.Ry. S. SRINIVASA RAGHAVAIYANGAR, Avargal, Dewan Bahadur, Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 10th October 1889, G. No. 3348.

I have the honor to submit, for the sanction of Government, an estimate, amounting to Rs. 3,080, for constructing a Sub-Registrar's office at Sivakási in Tinnevelly district, with the report * of the Superintending Engineer, VI Circle, and its annexures.

* No. 613 T.N., dated 2nd October 1889.

Approved and transferred to the Public Works Department.

(Signed) A. G. CARDEW,
Under-Secretary.

19th October 1889.

Note by the Chief Engineer, Public Works Department, General Buildings and Roads Branch.

The estimate for constructing a Sub-Registrar's office at Savakási in the Tinnevelly district is submitted for the sanction of Government with the suggestion that the attention of the Superintending Engineer may be drawn to the remarks of the Consulting Architect to Government embodied in memorandum No. 4886-C., dated 25th October 1889, regarding the unnecessary weight of iron in the windows for Sub-Registry offices and the method of fixing them.

CHEPÂK, (Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
14th November 1889. Ag. Chief Engineer, P.W.D.

ORDER—dated 16th November 1889, No. 3241 W., Public Works.

The estimate, amounting to Rs. 3,080, for constructing a Sub-Registrar's office at Sivakási in the Tinnevelly district is sanctioned for execution when funds are available.

2. The attention of the Superintending Engineer is drawn to the note by the Chief Engineer, Public Works Department, above recorded.

3. This sanction has been registered as Provincial No. 82 W. of 1889-90, and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

The accompanying site plan, section of foundations & estimate under review amounting to Rs 3,080 provide for constructing a Sub Registrar's office at Lunakasi in the Timmenelly Distt.

The estimate was called for in G.O No 1246 W dy 11-5-87 & is prepared with a slight deviation in the foundation from the standard design (tiled roof) circulated with G.O No 2230 W dy 21-7-87.

The foundations will be carried down to a depth of 6ft (as per section enclosed) as the sub soil is of soft rock. The stand plan allows only 4½ft deep.

The standard estimate provides for foundations, basements & superstructure with brick in mortar, where as the estimate now submitted provides

provides coursed rubble stone (2nd sort) for foundations only & the rest of the building provided according to the standard estimate.

The rates for coursed rubble stone 2nd sort in chunam & for tile roofing with flat & pan tiles including teak rafters &c are little in excess of those given in the schedule of rates for Srivilliputtur Sub Div in the Tinnevelly Dist, but para 4 of the S.E.'s report No 613 TN. 2.10.89 states that the materials will have to be carted from a long distance & there is difficulty in procuring labourers at the Locality.

In the above circumstances the two high rates (subject to your approval) may be passed.

The total area of the building is 1102 sft or costs 2-12-9 per sft. Contingencies & Petty supervision are separately charged at 5% each.

The site plan & estimate have been countersigned by the Inspector General of Registration & approved in the Judicial Secretariat.
