16TH NOVEMBER 1889, No. 3242 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From R. B. BUCKLEY, Esq., Under-Secretary to the Government of India, Public Works Department (Civil Works—Buildings), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 31st October 1889, No. 434-B.

I am directed to acknowledge the receipt of your letter, No. 2829 W., dated the 10th October 1889, inquiring on what rate of salary the 8 per cent. referred to in rule 1 of Public Works Department Resolution No. 481-B, dated the 7th September 1888, should be calculated in arriving at the capital cost of a residence proposed to be constructed for an officer holding an appointment of which there are several classes or grades.

2. In reply, I am to say that the intention is that the cost should be based on a consideration of the pay of the officer who will *usually* occupy the house. If it is as likely that the house would be occupied by an Executive Engineer, 4th grade, as by an Executive Engineer, 1st grade, then the cost should be calculated on the average salary of the two appointments.

ORDER—dated 16th November 1889, No. 3242 W., Public Works.

Communicated to the Chief Engineer for Irrigation, the Superintending Engineer, II Circle, and the Examiner, Public Works Accounts, with reference to para. 3 of G.O., No. 461 I., dated 21st September 1889; also to other Superintending Engineers, for information and guidance.
