Order—dated 5th November 1889, No. 696, Educational.

In paragraph 2 of its Proceedings, dated the 30th March 1889, the Municipal Council, Kumbakónam, offered to sell to Government for the sum of Rs. 3,500 the building now occupied by the Government Girls' School, Kumbakónam. The Director of Public Instruction in his letter, dated 21st May 1889, No. O-148, recommended the acceptance of the offer, but observed that alterations would be ultimately necessary to render the building a suitable one for a school organised on the most approved system. Mr. Grigg was asked to state the nature and approximate cost of the alterations likely to be necessary, but it appears from the report of the Inspectress of Girls' Schools, Southern and Western Circles, forwarded with the Director's endorsement, dated 9th October 1889, No. 8717, that it will not be possible to effect any material changes in the building without altogether pulling it down, but that if well cleaned and repaired it may do as it stands for some years.

2. The purchase of the building is sanctioned on the understanding that it will be possible to utilize it as a school-building in its present condition for the next five years, and that the price of Rs. 3,500, demanded by the Municipal Council, includes the site as well as the building. The Director of Public Instruction will report whether the charge in question can be met from the Educational Budget from 1889-90.
