Under para. 951 of the Public Works Code, I have the honor to forward, for sanction of Government, an estimate, amounting to Rs. 555, for providing steps to the new Breeks' school at Ootacamund.

2. The steps are intended to be placed at the north end of the building on the direct line from the main entrance of the school to the latrine. The line is used now by the boys with the result that the turf is much cut up and the bank eroded.

3. The Executive Engineer considers that steps are really needed to make the building complete, and proposes to meet the cost from the estimate sanctioned in G.O., No. 1540 W., of 25th May 1888, on which there is a saving of Rs. 975.

ORDER—dated 20th November 1889, No. 3289 W., Public Works.

The estimate, amounting to Rs. 555, for providing steps to the new Breeks' school at Ootacamund, is sanctioned against the savings on the estimate of Rs. 59,030, sanctioned in G.O., No. 1540 W., dated 25th May 1888.
