in the light of the
remarks expressed
in the office memo

(b) That a complete elevation

89.

(C) That the details of the labour should be more clearly drawn.

(d) That the approval of the Surgeon General should be obtained to the plan & Est.:-

The instructions I appear to have been attended to. The Surgeon General in his letter No 5774 of 24th October/89 approving of the plan suggested certain arrangements of the rooms which has also received attention.

The lines of the which the sections have been taken for the Cook House, Latrine & Dead house are not marked on the plan.

They have been marked by this Office in pencil.

The section of the Kitchen shows a cooking range which is not shown on the plan. There is no provision made for it in the Est.:-

A cooking range in replacing it may be provided from the amount allowed in the Est. for Sundries & Repairs which is about 4 1/2% for Enals.

The plan & Est. on the whole appears to be satisfactory. 6/11/89 Chief-
