GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 26th August 1887, No. 369 N.L.:—

I have the honor to forward herewith, for your approval and sanction of Government, an estimate, amounting to Rs. 6,491, for special and emergent repairs to the district jail at Nellore, classed under Original Works under paragraph 909 of the Public Works Code, as the cost of the building which is said to have been constructed by convict labor is entered in the register of public buildings as Rs. 10,000.

2. The Executive Engineer, Nellore division, submitted two estimates, one for special repairs, amounting to Rs. 4,388, and the other for emergent repairs for Rs. 2,103, and requested early sanction to the latter, as the work was put in hand by him owing to its emergent nature before the rains set in. Both of these estimates I had to embody in one for submission to you, as the work had to be classed under Original Works.

3. I request therefore you will be good enough to obtain the early sanction of Government to the estimate and an allotment of funds to enable the work being finished as early as possible.

4. If it is not possible to allot the whole of the amount at once, please grant the sum of Rs. 2,103 to cover the cost of emergent repairs undertaken in anticipation of sanction.

5. It having been decided to retain the present jail (*vide* G.O., printed with No. 188 W., of the 21st January last), it became necessary to put the jail in complete repair. The roof has long been out of order, but was only patched up from time to time as it was supposed a new jail would be constructed.

ORDER—dated 15th September 1887, No. 2479 W., Public Works.

The estimate, amounting to Rs. 6,491, for repairs to the district jail at Nellore, is sanctioned.

2. As funds are not available with the Government, the Superintending Engineer will, if possible, propose a transfer of funds to the extent required from the grants for other works in the circle.

3. This sanction has been registered as Provincial, No. 89 W. of 1887-88, and classified as Civil Buildings, Original Works.
