GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following papers:—

From Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 14th November 1889, No. 5436.

In reference to G.O., No. 3220 W., of this day's date, I would point out that it is absolutely necessary, owing to the action taken on receipt of G.O., No. 1514 W., dated 7th June 1889, which apparently authorized an expenditure of Rs. 20,000 on the renewal of roofs of Ordnance Lines, to make an additional allotment of Rs. 7,650 for those buildings, the present allotment for which still stands at Rs. 12,350; the Executive Engineer has incurred liabilities to extent of Rs. 17,000, but it would be better to allot the whole balance as above in order to utilise the materials purchased for re-roofing the buildings.

You do not inform me what the extra grant to Gun Carriage Factory workshops is now to be, but unless it increases the existing grant (estimate is Rs. 84,830) of Rs. 19,483 to a very large extent and you indicate that the remainder will be included in next year budget, it would still seem inadvisable to do more than collect materials to extent of the actual grants.

From Major-General R. F. LOWIS, R.A., Director-General of Ordnance in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 12th November 1889, No. 5308 E.

In continuation of my letter No. 4694 E., dated the 18th ultimo, I have the honor to enclose, for information, a copy of Government of India, Military Department, No. 2359 M.W., dated the 11th November 1889, and to solicit, with reference thereto, that early orders may now be issued for the construction of the new workshops in the Gun Carriage Factory, Madras, being taken in hand at once, and pushed on to completion before the close of the current official year.

2. The Inspector-General of Military Works has been asked to arrange for the early transfer to Madras of the additional funds (Rs. 40,000) sanctioned by the Government of India, and for the provision of the balance, Rs. 25,000, as soon as possible.

ENCLOSURE.

Copy of a letter from the Secretary to the Government of India, Military Department, to the Director-General of Ordnance in India, dated Simla, the 11th November 1889, No. 2359 M.W.

I am directed to acknowledge the receipt of your letter No. 4772 E., dated 23rd October 1889, bringing to notice the dangerous state the Smiths' shops in the Gun Carriage Factory at Madras are reported to be in, and asking that the additional funds, asked for in your letter

No. 4199 E., dated 30th September 1889, for the completion of the new workshops, viz., Rs. 65,347, may be granted at an early date.

2. In reply, I am to say that, as already stated in Military Department No. 2153 M.W., dated 21st October 1889, the Government of India are unable to make any grant for the work in question. I am, however, to say that there is no objection to effect being given to a suggestion made by the Inspector-General of Military Works that Rs. 20,000 may be reappropriated from budget item No 33, * and Rs. 20,000 from budget item 34, † for which no estimate has yet been sanctioned.

* New buildings for Foundry and Shell Factory, Cossipore.
† Extension of Tannery at Cawnpore.

ORDER—dated 20th November 1889, No. 3294 W., Public Works.

The letter from the Director-General of Ordnance above recorded will be communicated to the Superintending Engineer, V Circle, with reference to para. 3 of G.O., No. 2867 W., dated 12th October 1889.

2. The Superintending Engineer will see that the construction of the new workshops for the Gun Carriage Factory is put in hand and prosecuted vigorously, in order that the grant may be fully utilised.

3. With reference to the Superintending Engineer's letter above recorded, it is observed that para. 3 of G.O., No. 1514 W., dated 7th June 1889, contained no authority to incur liabilities on the work of re-roofing the Ordnance Lines at Madras. The correspondence will, however, be forwarded to the Director-General of Ordnance for consideration whether an additional grant of Rs. 7,650 can be provided for the work during the current official year, or if not, whether a sum of Rs. 5,000 may be reappropriated from the allotment for the Gun Carriage Factory workshops.

Ordnance Line

Requests that an allotment of Rs 2,000 may be allotted for renewing the roofs of

10907

Proposed to let this paper stand over until we hear what additional allotment has been given for the Gun Carriage works.

Shorfs -

If the amount does not materially increase the existing grant of Rs 19,483, it can be suggested to the S.E. of Ords to transfer a portion of the grant to the works of repairing the Ords lines.

Gl. Lr 1514 W of 7.6.89 did not authorise the S.E. to incur liabilities on the Coltan works. It merely said that the G.of S. would be asked to grant

a specific allotment to Rs 2,000 for the work, & the S.S. should not have permitted any expenditure until the funds were actually given

3294/3295

Ch
15.11.89

Yes. Wait until the amount for the Workshops is reported. We ought to have been informed before this. The S.E. had no authority to commence the work referred to in C.D. 1514 Rr
