READ—the following paper :—

From Major-General H. McLEOD, R.A., Inspector-General of Ordnance, to the Secretary to Government, Military Department, dated Fort St. George, 2nd November 1889, No. G-86.

I have the honor to forward, duly countersigned in token of approval, a revised estimate with plan, amounting to Rs. 5,005, for improving the water-supply of the Gun Carriage Factory, Madras, with a view to its being approved by Government in the Military Department and transferred, if approved, to the Public Works Department for disposal.

2. When the work was about to be commenced, it was found that if constructed in accordance with the plan accompanying the estimate sanctioned in G.O., No. 708 W., * Public Works, dated 9th March 1889, it would not meet the desired object as the force of water would have been insufficient. The Superintending Engineer, V Circle, was therefore requested to draw up another plan in communication with the Superintendent of the Factory and this has now been done.

3. The work is one of great urgency, and as funds have already been allotted (*vide* G.O., No. 1179 W., † dated 3rd May 1889, Public Works), I would request that early sanction may be given to the estimate and that the Superintending Engineer, V Circle, may be instructed by Government in the Public Works Department to proceed at once with the work and carry it out to completion as expeditiously as possible.

No. 7664, Military.

Approved and transferred to the Public Works Department for disposal.

FORT ST. GEORGE, 5th November 1889. (Signed) A. KENNEY-HERBERT, Brigdr.-Genl., Secretary to Government.

ORDER—dated 16th November 1889, No. 3237 W., Public Works.

The revised estimate, amounting to Rs. 5,005, for improving the water-supply of the Gun Carriage Factory at Madras, is sanctioned in supersession of the estimate of Rs. 5,120 sanctioned in G.O., No. 708 W., dated 9th March 1889.

2. The work should be carried out as quickly as possible.
3. This sanction has been registered as Imperial No. 22 W. of 1889-90, and classified as Military, Original Works.

SIR,

Enclosures.

With reference to the remarks
in para 2 of G.O. No 3138 W
dated 5th November 1889,
regarding the estimate for
the Water Supply of the
Gun Carriage Factory,
I have the honor to state
that the work estimated
to cost Rupees 5120 was
ordered to be carried
out - but at the request
of the Inspector General
of Ordnance and present
Superintendent of the
Gun Carriage Factory,
who considered the work

7 . ps

as sanctioned unsuit-
able in every way [and in
which ^{opinion} I agreed] I had
to call for a new estimate.
This estimate has been
passed thro' my office
on the 21st October 1889 to the
Inspector General of Ordnance
who has passed it on for the sanction
of Government.

2. It would, I think
be useless to carry out the
work as sanctioned for & originally (?)
it would not fulfill
the purposes for which
the work is required.

I have the honour to
be,
Yours most Obedt Servt
