Please see the Hon's note on ~~the draft order~~. The inspection notes referred to have just been obtained from S.G.'s office, but they do not give any detailed reasons for the surrender of Rs 8000.

An urgent memo will probably have to be sent to ~~C.E.~~ the S.G. asking for full explanation.

As there are several works for which funds have been promised, a list of them will be made in view to grants being provided for the most urgent of them. The surrenders reported in the accompanying papers may in the meanwhile be accepted. The preparation of the list will soon be taken up and the necessary orders passed.

SIR,

Enclosures.

With reference to your office note No 4909 C dated 28th October 1889 I have the honor to state that whilst the total grants for the 2 bridges is Rs 140000 exclusive of Rs 60000 for iron work in England the local expenditure on work and materials this year up to end of August was only Rs 62000 and that the Executive Engineer has informed me it would have been much more but for freshes down both rivers between 15 and 31 August also I know that since the 4th September the Pownier Bridge Works have been from some cause very much in abeyance and that brick manufacture for both bridges

(a) A good deal of arrears in estimates is said to be in the Divisional Office which cannot be cleared off by the present Draftsman and hence great delay in the disposal of Estimates and consequent short outlay under Provincial Irrigation. If a temporary draftsman for 3 months is sanctioned it is hoped that all these arrears will be cleared off.

(b & c) It is observed that lists of all plans classified as per para 865 of the P. W. Code are not kept up in a complete shape; the maintenance of these lists is of great importance. The Executive Engineers find it inconvenient to prepare correct lists without the assistance of the extra Clerk as applied for above and it is recommended that they ~~may~~ be sanctioned.
