1st October 1889, No. 2743 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

The Hon. J. Grose, M.A.

Endorsement from the Secretary to Government, Revenue Department, dated 20th August 1889, No. 5343, on endorsement from the Joint Secretary to Government, Public Works Department, dated 16th August 1889, No. 699 D.

Reference thereon, dated 26th August 1889.

Referred to the Collector for very early report.

2. It is observed that the Collector has already requested the Executive Engineer to retain the services of the temporary hands and to arrange for the early execution of emergent repairs till the 29th October next—*vide* Court's Proceedings, dated 26th August 1889, No. 2018.

(True Extract.)

(Signed) M. HAMMICK,
Secretary.

No. 5899, Revenue.

Forwarded, with reference to endorsement, Public Works Department, dated 16th August 1889, No. 699 D.

(Signed) C. A. GALTON,
Secretary to Government.

Fort St. George,
17th September 1889.

From W. JOPP, Esq., Executive Engineer, to the Examiner of Public Works Accounts, dated Ramnad, 11th September 1889, No. 1896.

I have the honor to inform you that I have received instructions by telegram from the Chief Engineer to stay on in charge of the Ramnad estate works until relieved by Court of Wards and keep such establishment as the Collector may require.

2. The Public Works Department operations ceased on 31st July and accounts are now closed, and as I understand by the above telegram that any further expenditure on estate works will be incurred under the direction of the Collector and Court of Wards independently of the Public Works Department, I request that you will address the Court of Wards so that funds may be placed at my disposal to meet expenditure.

3. The balance in treasury to credit of Public Works Department will not be drawn against, but will be reported to you shortly with a view as instructed by you to its surrender to Accountant-General.

No. 1356.

Forwarded for favor of disposal of para. 2.

2. It is not known under what circumstances the Executive Engineer, Ramnad Division, was told to hold on in charge, or how long he is to do so.

19th September 1889. (Signed) C. H. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

From Lieutenant-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Cumbum, 18th September 1889, No. 252 R.N.

With reference to G.O., No. 2460 W., dated 5th September 1889, granting leave to Mr. Jopp to visit Periyár and stating that he should relieve Mr. Grimes by 26th instant, I have the honor to report that, on receipt thereof, I at once wired to Mr. Jopp that he might hand over charge of Ramnad to Mr. Taylor and visit Periyár and arrive in Trichinopoly by 26th instant, as Mr. Grimes is anxious to be relieved by 1st proximo at latest.

2. With regard to the Ramnad estate works there will be nothing going on for the remainder of this month, except a few Provincial works which will of course remain in our charge and be handed over to Madura eventually.

3. With regard to the continuance of work in Ramnad beyond 30th instant, I am informed that the manager of the estate has not yet arranged about a successor to Mr. Jopp; he apparently is still ignorant as to what date he may expect a man to take over charge, and he also says the new man cannot be allowed to take over until he has made himself thoroughly acquainted with the zemindari.

4. In any case it seems probable that Mr. Taylor and his subordinates may be kept hanging about doing very little work for some considerable time.

5. Under the circumstances, therefore, I think it would be advisable to intimate to the manager that from 1st proximo all the establishment of the Public Works Department that he may employ will be considered as lent to the zemindari by the Government and must be paid by the former, and that from the 1st proximo the Ramnad division shall cease to exist as such.

6. With regard to the Provincial works in Ramnad, I have issued orders to the officers concerned that they all are to be handed over to Madura before 30th current.

7. Early orders are requested regarding para. 4 as, according to present instructions, all accounts of the Ramnad division will be closed on 30th September, and if the manager requires work to be carried on after that date with our establishment, he will have to make his own arrangements with Mr. Taylor for payments and accounts, as Mr. Taylor's drawing account will cease to exist after 30th instant.

From Lieutenant-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Periyakulam, 20th September 1889, No. 255 R.N.

With reference to G.O., No. 2555 W., dated 13th September 1889, I have the honor to state that, as already reported in my No. 252 R. N., dated 18th September 1889, I have, on receipt of G.O., No. 2460 W., dated 5th September 1889, directed Mr. Jopp to hand over charge of the Ramnad works to Mr. Taylor.

2. My reasons for doing so were :—

(i) There is no work to speak of going on now in Ramnad, except Provincial works.

(ii) Mr. Jopp has for the last fortnight been doing nothing but wait for orders, all work having been stopped as per Government orders on 31st July and all completion measurements having been taken by 26th August.

(iii) There is no chance of work being started again now until next month.

(iv) It is very important that work in the Trichinopoly division should be hindered as little as possible, already owing to constant changes among subordinates a good deal of delay has taken place and expenditure is low; Mr. Jopp's services are therefore much more required in Trichinopoly than in Ramnad.

(v) Mr. Taylor is quite competent to carry on the small amount of work there is now in Ramnad, and his successor will probably be a man of about the same standing and certainly nowhere near the rank of an Executive Engineer.

(vi) The manager, who urged our speedy closing of works and accounts as his nominor to succeed Mr. Jopp would be down by the end of August or early in September, has suddenly upset the arrangement at the last moment, thereby causing inconvenience, which should be borne chiefly by the Ramnad estate and not by this department.

3. I request therefore my action in the matter, based on G.O., No. 2460 W., dated 5th September 1889, and on the above reasons, may be approved, as I have no officer to place in charge of the Trichinopoly division.

4. Since writing the above, I have received copy of a letter (copy enclosed), No. 140, dated 10th September 1889, from the Deputy Collector, to the address of the Collector, by which you will see my proposed arrangements are accepted by the manager. Kindly issue early orders as to whether the accounts are to be considered closed, as far as this department is concerned, on 30th instant, as already suggested, all expenditure incurred by Mr. Taylor after that date being met from funds to be obtained from the manager of the estate and accounts rendered to him.

Enclosure.

Copy of letter from the Deputy Collector and Manager, Ramnad Estate, to the Collector of Madura, dated 10th September 1889, No. 140.

With reference to your letter No. 391, dated 3rd, received on the 7th instant, I have the honor to forward herewith copy of the letter from the Executive Engineer, Ramnad Division, No. 1874, dated 9th instant, just received, from which it will be observed that the establishment as heretofore entertained in the Public Works Department has been retained and arrangements made for the execution of emergent works.

2. Considering the short period during which the Public Works Department will have the charge of the estate works, and the small expenditure which will have to be incurred during that period, Mr. Jopp thinks that his services may not be necessary, and I agree with him, as the Sub-Divisional officer, Mr. Taylor, can very well have the entire charge of the works and supervise the few works which will be executed during the short period.

3. As the accounts of works executed previous to 31st July last were closed, Mr. Jopp further proposes that the accounts of expenditure to be incurred hereafter should be kept separately, and that on arrival of the Estate Engineer he should take over charge of works and continue it in just the same manner as an ordinary relief would be effected in a Public Works Department division, and his reasons for the proposal are contained in para. 3 of his letter. I see no objection to it, and consider that the proposed course will be favorable to progress of works and will save heavy cost in the pay of the establishment.

4. The tahsildars and the devastanam amins have been ordered to aid the overseers in obtaining labors promptly.

5. With reference to your remark in para. 3 of the letter under reply, I beg to respectfully state that I have never given a notice to the Executive Engineer that the services of any Maramut establishment would be dispensed with from the 24th August 1889, and I beg to send herewith his original letter No. 1873, dated 9th instant, just received, stating that he has received no communication from me to that effect; I have been, on the contrary, trying my best to have the temporary establishment retained and the emergent works executed by the Public Works Department agency till the estate succeeded in securing proper establishment. I have accordingly written to Mr. Jopp officially and demi-officially on several occasions.

6. Mr. Mariappa Mudali, recommended by Colonel Pennycuick, accepted the offer of the Estate Engineer on the 13th August 1889, and wanted one month's time to join the appointment.

He has telegraphed to me on the 28th August that he is delivering the charge of works at Parlákimedi and will join this estate appointment soon. He has not yet come, and I telegraphed on the 9th September 1889 to the Executive Engineer, under whom he has been working at Parlákimidi, to inform me when he will be relieved. I shall address you again on the subject on the receipt of the reply. In the meanwhile I request that you will be pleased to let me have the applications received in your office for the post of Local Fund Engineer with necessary information regarding them.

No. 1926.

True copy forwarded to the Superintending Engineer for information, in continuation of letter No. 1883, dated 9th September 1889.

(Signed) W. JOPP,
Executive Engineer, Ramnad Division.

17th September 1889.

Order—dated 1st October 1889, No. 2743 W., Public Works.

The action of the Superintending Engineer in directing Mr. Jopp to hand over charge of the Ramnad division to Mr. J. M. Taylor, Supervisor, and to assume charge of the Trichinopoly division after visiting the Periyár works, is approved.

2. As recommended by the Superintending Engineer, the accounts of the Ramnad division, so far as the Public Works Department is concerned, will be closed on the 30th September, and the Public Works Department establishments employed on the estate from 1st October will be regarded as lent to the zemindari, and must be paid by it until they are relieved.

3. The Court of Wards will be requested to arrange for the supply of funds for such works as may be found necessary after 30th September, and the expenditure on such works will be accounted for by the Supervisor in charge to the Manager of the estate.

4. The action reported in para. 6 of the Superintending Engineer's letter No. 252 R.N., dated 18th September 1889, is approved.

5. The following telegram will be despatched to the Superintending Engineer :—

"Your letters 252 and 255, 18th and 20th September. Your action and proposals approved."

Letter from W. Jopp Esquire Executive Engineer, to the Superintending Engineer VI Circle, No. 143 C d/ 5th August 1889.

Sir,

In reference to your letter No. 183 of 25th July/89, I have the honor to inform you that I have given one months notice to all hands temporarily employed in the Ramnad Division from the 1st August.

2 No definite reply has as yet been received from the Deputy Collector or Manager of the Estate as to who is to carry on the Estate works on retirement of the P. W. D.

It appears that the Manager has at the recommendation of Col. Pennycuick offered the appointment of Engineer under the Estate, to one Mariappa Moodaliar who is at present engaged in the Ganjam District in some temporary capacity but up to date his acceptance has not yet been received.

3 I have intimated to the Manager the advisability in the interests of the Estate of taking up and carrying on the works (at any rate the emergent irrigation

irrigation works) of the Estate as soon as possible so as to get them completed before the rains which usually begin in the middle of October. In this he agrees and I understand is arranging to institute some agency at an early date.

4 I hope before the end of August to have completed all measurements of, and payments for work & possibly also to have the accounts in order; but if it is necessary to keep on any of the temporary Executive or Office Establishment beyond that date due notice will be given to them.

I have &c &c

ENCLOSURES.

Sir,

I have the honor to inform you that I have just received a Demi Official letter from Mr. Jopp, Executive Engineer, Ramnad, saying that he has received a communication from the Manager of the Ramnad Estate, intimating that "the "individual (one Marriappa Mood.) who "has been selected to carry on the Estate "works cannot take up the appointment "before another month has expired and that "he (the Manager) has therefore written to "the Collector requesting him to ask me to "retain the temporary hands and continue "the Estate works until the end of "October"

2. I need scarcely point out that this will cause some confusion.

3. All work has been stopped on 31st

6/7

31st July and by 23rd instant all the works will have been finally inspected and the accounts closed and all payments fully made by 25th instant and our connection with the Estate will practically cease from that date. This action was taken relying on the promise of the Manager to have his agent ready to take over the works at once.

Ms to ?
RW. 9099/89

4. Without special orders of Government therefore neither Mr: Jopp nor his subordinates can take service under the Manager of the Estate. If so ordered, Mr: Jopp will of course continue to work, but he urges that, if he does so, he should be remunerated by an increase in his present salary and travelling allowance. No doubt his service in this Estate has been far from agreeable.

5. The Manager proposes entertaining a very small staff, and, in fact, at one time thought of applying for the services of Mr: Taylor.* Under the circumstances, I think perhaps the latter might be allowed to remain to carry on the works with such subordinates as he may require being paid out of the Estate until such time as the real agent can take over the works from him. But what arrangements will be made for paying

*Supervisor

Sir

With reference to your docket dated 12th Instant No 501, just received, I have the honor to report that I have not yet been able to secure a proper establishment to take over the Public Works of the Estate. I have communicated the fact to the Executive Engr. and stated that I could not fix a date on which the Estate would be in a position to take over the works.

2 Mr Mareyappa Mudaliar, Temporary Sub-Engineer in charge of the Parala Kemedy Estate, who was recommended by Colonel Pennycuick for the appointment of the Estate Engineer, accepted the offer made to him by the Zemindar, on the 10th Instant, but he wants a month's time to join the appointment. Four overseers are wanted.

The

The Zemindar has got one and Mr Jopp has been requested to name three of the temporary overseers with him & the office accountants and clerks, whose services might be retained to the advantage of the Estate. I have not yet received his reply; and I do not think that I will be able to have a proper establishment before the 20th Proximo.

3. To prevent loss of revenue it is absolutely necessary that emergent repairs should be executed to many tanks as soon as possible and I understand that the existing D.P.W. has estimates prepared for the works. In these circumstances I consider it desirable that Mr Jopp should be requested to retain the services of the temporary hands and arrange for the early execution of the emergent repairs till the 29th October

I have &c

From

W. Jopp Esquire
Executive Engineer

To

The Superintending Engineer
VI th Circle

Sir

Encls: 2
x Supt. W. S-E.
on 23-8-89.

In continuation of my telegram of yesterdays date, I have the honor to send for your information and orders, the copies of two letters, the first, No. 128 of 13-8-89, from the Dy Collector and Manager of the Ramnad Estate to the address of the Collector, with the latter's endorsement and the second, No. 289 of 18th August 1889, from the Collector to the Secretary to the Court of Wards, communicated to me by the Collector for information.

2. In these I am requested by the Collector to retain the services of the hands hitherto employed temporarily by the P. W. D. (whose engagement ends on the 31st Instt.) and arrange for the early execution of emergent repair works up to the 31st October, the date on which the Zamindar is to take charge of ~~this~~ Estate.

10 11

3. The departmental orders that have been issued to me, are that all works should cease on the 31st July and all accounts closed as soon after as possible, and as already intimated, works have been accordingly stopped and accounts will be finally closed about the end of August or beginning of September.

4. It is not clear whether, the request of the Collector & Manager is, that the P.W.D is to continue its operations until the 29th October, or whether, the services of an officer of the P.W.D is desired to be lent to continue operations with the temporary hands taken on, on account of the Estate management until their own Engineer arrives to relieve him.

5. If the first supposition is correct, I beg to submit, that it cannot be carried out except with the greatest inconvenience departmentally, work having already been stopped and accounts practically closed; if the second, I have the honor to ask your early orders as to which officer is to be lent to the Estate.

6. There is little doubt that the expenditure between the 1st September and the 29th October will be comparatively small, that none of it will require any engineering

skill

skill.

Under these circumstances it will probably be considered advisable to put Supervisor Mr Taylor in charge of these operations.

He will be quite competent to carry out the necessary emergent repairs, his salary will be more equal to what the Estate proposes to disburse to its Engineer and I shall be left free to close the accounts of the P.W.D. Division and hand over charge.

I have the honor to be,
Sir
Your most obedient Servant

Ramnad division has dispensed with the
services of all temporary hands

2. I heard on 12th August that the person chosen
as Estate Engineer would not arrive in time
and that it is not known if he would accept
the appointment. I then asked the Executive
Engineer to retain charge till 29th October

3 The difficulty has arisen apparently owing to
the fact that the man chosen, Mariappa Mudali
is in Ganjam and that there has been delay
in getting his answer"

Resolution

The collector's letter read above will be
forwarded to Government with reference to
G.O. dated the 20th ultimo No 5343. It is re-
-quested that orders may be issued in the P.
W. Department that that Department shall
retain charge of the Estate works till the 29th
proximo.

2. The collector should ascertain and report
as early as possible the name of the official
to whom the works should be handed over.

Proceedings of the Court of Wards.

Dated 25 September 1889.

No. 2282.

READ the following letter from the Collector of Madura dated 17th September 89 No 447.

—

"In continuation of our letter of the 3rd Instant No 390, I have the honor to report that the Executive Engineer Ramnad has now informed the manager that the full establishment has been retained but that the accounts up to the 31st of July last were closed and that separate accounts are being kept from the 1st of August. He further thinks that the Sub-division officer Mr Taylor may be in charge of the Estate works till the arrival of the Zemindar's nominee as the services of Mr Jopp were unnecessary and

18

and expensive, inasmuch as no new works were to be undertaken during the short interval. His proposals have been accordingly approved of by me in anticipation of sanction"

Resolution

Submitted to Government in continuation of C.P. dated the 17th instant No. 2220.

2. The Court are of opinion that Mr. Taylor may be allowed to have charge of the works till the 29th proximo.

3. The Court beg to request the favor of early orders on the matter

Proceedings of the Court of Wards.

Dated 8 October 1889.

No. 2389.

READ — the following letter from the Dy. collector & Manager Ramnad to the Collector of Madura dated 27th September 1889 No. 156:—

"In forwarding herewith copy of the letter just received from the Supervisor in charge of Ramnad Division No. 222 C dated 26th instant together with its enclosure I have the honor to request that you will be pleased to obtain early sanction of the Court of Wards to supply the Supervisor with the necessary funds for carrying out the emergent repairs to works as the accounts of the Division are to be closed by the 30th instant and no payments can be made after that date. Mr Taylor does not state even approximately what sum of money he may require for his expenditure. Considering the emergency of the works I request that if you see no objection

2

objection a sum of Rs3000 may be placed at his disposal in anticipation of the Court's sanction

2 Early orders are also requested for the payment from the Estate funds of the salary of the Existing D.P.W Establishment that may be employed on the Estate works from the 1st proximo. & for making arrangements with Mr Taylor for payments & accounts as desired by the Superintending Engineer"

Endorsement thereon by the Collector dated 2. October 1889 No 265.

"Submitted to the Secretary to the Court of Ward for orders in continuation of this office No. 447 dated 17th September 89

2. Rs 3000 has been placed at the disposal of the Deputy Collector & Manager of Ramnad in anticipation of the Court's sanction.

3. The Superintending Engineer's proposals regarding Carrying out Estate works after the 30th ultimo commend themselves to the undersigned"

Resolution

The Collector's action is approved and sanction is accorded for payment of the establishment entertained from the 1st of the current month up to the 30th Idem. (True copy extract)
