The S. S. IV Circle
suggests that type
designs for Board
schools for wet &
dry localities should
be prepared.

Some old type
plans issued
in 1859 are submitted.
It is a question whether
they are still suitable,
or whether new type
designs should be
founded on them.

The S. S. propose
should apparently be
first referred to the
Local & Home Dep't
for opinion. S. W.'s
opinion on the suggestion
may be given at
the same time.

think I think the matter should be referred to the Lt. M. Dept., but it is scarcely necessary of the Chief Eng. is opinion to be given, until it is known that type designs are libelous to be prepared.

The order in the Lt. M. Dept. on which Pro. 2559 W of 14th Sept. 09 was written appeared to me at the time to contain some misconceptions.

St. IV now reports that the Raleigh Municipality are well pleased with the building & Colonel Fraser's letter makes it clear that Mr. Taylor is not overruling blame.
