5TH DECEMBER 1889, No. 3451 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

Circular from the Government of India, Public Works Department (Account—General), dated Calcutta, 20th November 1889, No. 33, Public Works.

Alterations in Standard Forms of the Department.

Read—Paragraph 39 of the report by the Committee on Public Works Accounts:—

39. *No radical change necessary.*—The Committee does not find that any radical change of procedure is called for; but that simplification of forms and routine, and the cutting off of excrescences which have grown up of late years, are urgently required. The Committee thinks that it should be permissible to Local Governments to modify, to a considerable extent, the forms and procedure, to suit the requirements of provinces, provided always that such modification involves no departure from a principle, and does not affect the form in which the general results are stated. Local circumstances should, as far as possible, be allowed for, so long as essentials are attended to.

Public Works Department Code, Chapter VI, Para. 30.

Resolution—The Government of India recognizes that circumstances may vary in the different provinces of India to such an extent as to render forms suited to the requirements of one part of the country, unsuited to those of another, and will at all times be prepared to consider such modifications as Local Governments and Administrations may suggest for local adoption. No relaxation, however, can be permitted in the present orders which require the sanction of the Government of India being obtained before any alterations in the forms are made.

For information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
