GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper:—

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 23rd August 1889, No. 2537-A.

Adverting to O.G., No. 5475,* dated 14th instant, I am desired to report, for the information of Government, that the General Officers Commanding the Districts referred to have been requested to provide funds, if practicable, for erecting the kneading machines purchased for the bakeries at the stations named in the margin, from the grants placed at their disposal for the execution of minor works during the current official year.

Wellington.	Secunderabad.

* Public Works Dept. O.G., No. 2095 W., dated 2nd August 1889.

2. This office is now in communication with the Commissary-General, in view to its being furnished with a list of minor works for which allotments are urgently required, on receipt of which General Officers Commanding will be requested to comply, as far as possible, with the demands made, but I am to observe that it would now be obviously impossible to provide funds from the amounts already allotted to General Officers Commanding, for the exclusive use of the Commissary-General, and to suggest that, in future years, a special allotment may be placed at the disposal of the Commissary-General, agreeably to the provisions of para. 1759, Army Regulations, India, Volume V.

No. 5850, Military.

Forwarded to the Public Works Department, for consideration, with reference to the suggestion made in the concluding portion of the Quartermaster-General's letter.

OOTACAMUND, 27th August 1889. (Signed) A. KENNEY-HERBERT, Brigdr.-Genl., Secretary to Government.

ORDER—dated 20th September 1889, No. 2610 W., Public Works.

The suggestion made by the Quartermaster-General in the concluding portion of para. 2 of his letter above recorded is approved, and a special grant will be provided in the budgets of future years for minor works connected with the Commissariat department. The Quartermaster-General will be requested, under the orders of His

2

Excellency the Commander-in-Chief, to include the lump sum allotment annually required by the Commissary-General in the schedule of requirements for military works.

2. There being no information with the Government as to the unspent balances of grants at the disposal of General Officers Commanding Districts and the Inspector-General of Ordnance, those officers will be requested to report to the Public Works Department, in the form annexed to these proceedings, all appropriations made by them from the lump sum grants for minor works. The Commissary-General will also be requested to follow this procedure when funds are placed at his disposal.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper :—

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Public Works Department, dated Ootacamund, 9th September 1889, No. 2773-A.

I have the honor, by direction of the Commander-in-Chief, to forward, for submission to Government, the schedules of Military works' requirements in connection with the Imperial Military Works Budget estimate of the Public Works Department for the ensuing official year.

2. The works have been classified in the usual manner, those enumerated in class C being such major works as are required in addition to those printed in the schedule circulated with the final issue of the current year's budget, as it will stand after the works enumerated in class D have been removed from it. Similarly the list (E) will be understood to show what minor works are required in addition to those of the list at pages 7—11 of appendix to G.O. No. 3105 W. of 4th October 1888, as to will stand after the works enumerated in list F have been eliminated therefrom.

3. Only those major works have been entered in the class A list which this office has reason to believe will require allotments during the coming year, and of these the following seem to call for remarks :—

I. New Barracks at Poonamallee.—The Government of India in their Resolution recorded in Proceedings of Madras Government No. 1159 W. of 1st May 1889, considered the current year's budget allotment of Rs. 30,000 for this work inadequate. The proposed grant for the coming year has accordingly been increased to Rs. 50,000 and His Excellency trusts that the balance of the grant that will be required for the completion of the barracks will be provided in the following year.

II. Institutes of British Corps.—His Excellency hopes to be able to submit to Government, at an early date, the revised proposals called for in Public Works Department No. 1602 C. of 27th March 1889, in view to the utilization, as far as possible, of the current year's budget allotment for regimental institutions. The proposed grant of Rs. 35,000 for the coming year is to admit of a commencement being made on the new institutes it is in contemplation to construct at Wellington and St. Thomas' Mount, and which are very much required.

III. Sanitation of Native Lines.—The necessity for a yearly grant being set apart for the sanitation of Native lines is explained in the correspondence ending with my letter No. 2266-B. of 12th August 1889, recorded in Proceedings of Madras Government, Military Department, No. 6019, of 2nd September 1889, and no further comments regarding this item appear necessary.

11

IV. Public buildings for a Madras Cavalry Regiment, Bangalore.—His Excellency trusts that a sufficiently large grant may be set apart for this work to admit of all, or as many as possible, of the public buildings for the Madras Cavalry regiment at Bangalore being completed before the close of the ensuing official year.

4. No provision has been made in the ensuing year's budget for the new barracks at Malapuram, as it is understood that the grant set apart for the work in the Military Works budget of 1889-90 will admit of its completion during the current official year.

5. The works in class B (which have been entered in the list in their order of urgency) requiring special notice are the following:—

I. Officers' Mess-house at Wellington.—The communication quoted in the remarks column against this work will show its urgency.

II. A new Barrack for 30 *men at Calicut.*—The existing barracks do not contain sufficient space for the present garrison, and the extra accommodation is, therefore, very urgently required.

III. Water-supply, Wellington.—In view of the large saving to the State that would be effected by the carrying out of this work, His Excellency would recommend its early execution on these, as well as on sanitary grounds.

IV. Constructing Hut Barracks at Wellington.—The normal garrison of the station of Wellington is considerably augmented for a great portion of the year, owing to a large number of young soldiers from Secunderabad and Bangalore being sent up annually to the hills. The existing barrack accommodation is insufficient for the increased strength, and some men have, consequently, to be accommodated in tents, an arrangement which, especially during the monsoons, is considered a very undesirable one. His Excellency trusts, therefore, that it may be found possible to provide the extra accommodation required at an early date.

V. Rest-house and Camp at Guntakal.—It was hoped that funds would have been available for the execution of this important work during the current official year, but the urgency of the demands on other military works has been so pressing, that no allotment of funds for it could be secured. In view of the necessity and importance of this work, however, I am to express the hope that funds may be found for its execution, at all events during the coming official year.

6. There are many important works in the schedule of class C works which have not been included in the class B list, owing to the limit necessarily placed on the latter.

7. In conclusion, I am to suggest that, should the proposals made in para. 2 of my letter No. 2537-A., of 23rd August 1889, to the Secretary to Government, Military Department, meet with the approval of Government, the grant placed at the disposal of the Commissary-General may be for the execution of all minor works costing Rs. 2,500 and less, instead of only for works costing Rs. 500 and under, thus bringing the procedure into conformity with that now adopted in the case of the Minor Works grant placed at the disposal of General Officers Commanding Districts, which would thus be available for purely military works alone.

Office note from the Examiner, Public Works Accounts, dated 14th September 1889, No. 1322.

ORDER—dated 30th September 1889, No. 2730 W., Public Works.

Ordered that the schedule of requirements on account of Imperial Military works in the Madras Presidency for 1890-91 be forwarded to the Government of India in the Military Department.

2. The sanctioned estimate for the construction of public buildings for a Madras Cavalry regiment at Bangalore is Rs. 30,533 and the current year's budget grant for the work is Rs. 20,000. The balance of the estimate which will have to be provided for expenditure in 1890-91 will therefore be Rs. 10,533. As the Quartermaster-General reports that a sum of Rs. 20,000 should be provided to admit of all the buildings connected with the Madras Cavalry regiment at Bangalore being completed before the close of the ensuing official year, that sum has been included in the schedule. The Quartermaster-General will be requested, under the orders of His Excellency the Commander-in-Chief, to state whether any additions to the sanctioned project are under contemplation.

3. An estimate of Rs. 11,265 for the construction of sheds for 22 bullocks, 10 ambulance carts, 20 mules and 7 elephants, was sanctioned in G.O. No. 3302 W., dated 17th October 1888, but the Commissary-General having reported that the mule sheds were not necessary, the estimate was reduced by Rs. 3,010—*vide* G.O. No. 675 W., dated 8th March 1889. Funds have been provided in the current year for the completion of all the sheds excepting those for the mules. As the Quartermaster-General now proposes to allot for the next official year, the balance of the original estimate of Rs. 11,265, that officer will be requested to report whether the mule sheds are now required.

4. The Superintending Engineers concerned will lose no time in submitting plans and estimates for the unsanctioned works included in the schedule, as none of them can find place in the budget estimates for 1890-91 under plans and estimates for them have been previously sanctioned.

5. With reference to para. 7 of his letter above recorded, the Quartermaster-General will be informed that the suggestion contained in para. 2 of his letter, No. 2537-A., dated 23rd August 1889, was approved in G.O. No. 2610 W., dated 20th September 1889, and that the grant placed at the disposal of the Commissary-General will be for the execution of all minor works costing Rs. 2,500 and below.

(Here enter No. 2731 W., dated 30th September 1889.)

RECEIVED BY GOVERNMENT
28 NOV 89
MILITARY DEPARTMENT, MADRAS

Read the following:—

From the Quarter Master General, to the Secretary to Government, Military Department.

№ 4047. A., dated Coteacamund, 12th November 89.

In acknowledging receipt of G. O. Public Works Department № 2680 W., dated 20th September 1889 (Military Department No. 7204 of the 19th ultimo), I am desired to state for the information of Government that, in accordance with the practice hitherto in force, the building requirements of the Commissariat Department (Major as well as Minor Works) for the ensuing official year, have been included in the schedules of requirements submitted to the Secretary to Government, Public Works Department, with this office letter № 2773.

13 of

of 9th September 1889, in connection with the Imperial Military Works Budget Estimate for 1890/91, and that on this office being made aware, after the receipt of the final issue of the Military Works Budget, of the amount available for the minor new Works in the coming year, a special allotment will be placed at the exclusive disposal of the Commissary General, Madras, for the execution of Commissariat minor Works, the distribution of the grant available for the purpose between General Officers Commanding Districts and the Commissary General being made proportionately, with due regard to the demands for purely Military and Commissariat minor works.

2. I am to add that with the approval of Government, the Commander-in-Chief would propose that the procedure above indicated

indicated in regard to the distribution of the Minor Works grant, should continue to be followed in coming years. 3480

Order:— Communicated to the Public Works Department for information, with reference to the orders marginally cited and for favor of approval of the proposal contained in para: 2 of the Quarter Master General's letter.
