GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—again the following paper :—

G.O., dated 9th January 1889, No. 31 W., Public Works.

Read—the following papers :—

Memorandum in the Public Works Department, dated 1st March 1888, No. 871.
From the Superintending Engineer, V Circle, „ 24th April „ „ 312.
From the „ „ V „ „ 29th May „ „ 865.
From the Collector of Madras, dated 12th December 1888, No. 3501.

Order—dated 9th January 1889, No. 31 W., Public Works.

The Superintending Engineer, V Circle, reports that the cost of converting the building known as the Auxiliary Medical School at Ráyapuram into quarters for an Apothecary and one Hospital Assistant will be about Rs. 2,000. The Government are of opinion that the building is not suited for Apothecary's quarters, and that it is certainly not worth while to incur an outlay of Rs. 2,000 to fit it for such occupation. The rent of the building, assessed according to Public Works rules, is out of all proportion to the amount of compensation which would be saved by accommodating the medical subordinates in question in it. It would require considerable and constant repairs.

2. In these circumstances, the Government consider that an attempt should be made to sell the building, and the Superintending Engineer, V Circle, will accordingly publicly invite tenders for its purchase, reporting the result in due course.

(True Extract.)

(Signed) W. L. C. BADDELEY, Captain, R.E.,
Under-Secretary to Govt., P.W.D.

From
Colonel W H Burton R.E.
Superintending Engineer, V Circle,

To
The Chief Engineer 3490
P.W. Department.

Sir,

Enclosures.

? 15-2-89

With reference to G.O. No. 447 W dated 15th ~~September~~ February 1889 and to No. 31 W dated 9th January 1889, I have the honor to report that the late Executive Engineer Presidency Division to whom each order was communicated, duly advertised, the sale of the Auxiliary Medical School but has received no offers

2 The building is only 233 yds from the Leper Hospital, and would with outhouses and alterations in main buildings make excellent accommodation for 1 Senior Apothecary and 1 Assistant Apothecary.

* There are said to be a lot of loose women about in it at night.

3 Notwithstanding objections* to this Building as a residence for apothecaries (it is about 233 yds from the Leper Hospital and 100 yds

from

from the Lying in Hospital at each of which places we have to provide apothecaries quarters) have been made. Yet as no site for 2 new quarters is available for purchase in this neighbourhood, I would recommend on grounds of economy the construction of the outhouses, and that the Madras Police eradicate the objections to the place as apothecaries quarters.

I have the honor to be
Sir
Your Most Obedt Servt

Enclosures.

SIR,

In reference to your Memo No 4237C dated 20th September 1889, I have the honor to report that G.O. No 447 W dated 15th February 1889 was communicated to the Executive Engineer Presidency Division on the 18th of same month for compliance, but Executive Engineer did not take any action thereon.

2. On the 30th March 1889 application to Executive Engineer to rent a house for the Apothecary was made

made by the Hospital autho-rities, but previous to this the Apothecary had rented quarters for himself outside the Hos-pital without the interven-tion of Executive En-gineer.

3. The Executive Engineer provided another one for him on 16 September but the Apothecary had lived outside the Leper Hospital from a date long previous to the 16th September and does so now

4. As regards the Apothecary of the Monegar Choultry application to hire quarters for him was similarly made on the 12th March 1889 and Executive Engineer found a house to suit him on the 13th June 1889.

5. The Leper Hospital Apo-thecary's rented quarters is in Tembadoss Street Black Town about 1¼ miles away from the Hospital and the Monegar Choultry Apothe-cary's rented quarters is very near about locality & about same distance from Choultry. On the 17th June the Executive Engineer met the Medical Officer of the Leper Hospital, the Apo-thecary being present & it then appeared that he had been for some months in a house rented by himself in expecta-tion of drawing full compen-sation in lieu of Quarters at Rupees 75.

No. 4791

Quarters for the Apothecaries attached to Leper Hospital and Mangar Choultry

Reports on the provision of —

P. W. DEPARTMENT.

READ the following:— 3490

From the Supdg. Engr. V Circle No. 4791 d/ 22.10.89

FOR ORDERS, with reference to the Ag. C.E.'s remarks on the note for orders attached to No. 4237 C dated 20th Septr. 1889.

It now appears that the Apothecaries attached to the Leper Hospital & the Monegar Choultry are both living in hired houses in Black Town, the rent of which is paid by the P. W. Deptmt.

According to the Ag. C.E.'s instructions, the next step would be to call for a detailed estimate

estimate for converting the Auxiliary Medical School building into quarters for the two Apothecaries. The cost has approximately been estimated at Rs. 2000. There is a point in this matter however which requires consideration. The rents of buildings hired by the P.W. Dept. for medical subordinates, & the cost of compensation for quarters when free quarters are not provided, are met from the grant for Military Works. The Auxiliary Medical School is a Provincial building, & there seems no reason why Rs 2000 or more should be spent on it from Provincial funds to save expenditure on account of rent, under Imperial Military –

If Military works were likely to remain in charge of the P.W. Dept, the building could be transferred to Military, & the estimate for its conversion into quarters could be carried out when funds became available. There is little prospect of funds being available this year, & by next official year the charge of military works, which will include the provision of hired or free quarters for military & medical subordinates, will be in the hands of the Mily. Works Dept.

It does not seem worth while therefore to take any action with respect to preparing a detailed estimate for the conversion of the building into quarters.

For orders whether the School may now be be offered to the Committee of the Monegar Choultry, on condition that they will keep it in repair, & surrender it on due notice, should it again be required by Govt.

29.10.59

Recd 29.10.59

Very well — but is not compensation for quarters for medical subordinates in civil employ met from civil funds?

U.E.S.
31 Oct

No — The charge is a military one, & is met from the grant for military works.
