Sir,

With reference to your Endorsement No. 4808 dated 30th October 1889 (enclosures herewith returned), I have the honor to state that the cost (Rs 166) of constructing the double iron stove referred to, can be met from Savings under Grant VI of the Military Budget — Estimate of the current year sub-head "Clothing Supplies and Services Agency" — "Contingent and Incidental Charges."

2. I understand however that the stove is nearly completed, and that it will in a few days be set up — In this case no special sanction for Funds seems called for.

MILITARY DEPARTMENT,

Read the following papers:-

From the Superintendent,
Army Clothing, to the Secretary
to Government, Military Depart-
ment, No. 123, dated, Madras, 11th
October 1889.

I have the honor to repre-
sent that owing to the large increase
of work here consequent on the
amalgamation, with this Agency, of
the Clothing Department, Bombay,
the present Stove for heating Irons
is found unsuitable and inadequate.
At present to keep pace with the

daily out-turn of Garments in the
Factory, temporary fire places have
been put up departmentally, but
these are very unsatisfactory.

2. Colonel Shelley, my
predecessor, addressed the Superin-
tending Engineer, V Circle, asking
for the provision, by an early date, of
a suitable fire place, but the General
Officer Commanding the District
reports that no funds are available
and meanwhile the department
is being put to the greatest possible
inconvenience.

3. The Executive Engineer
Presidency, whose letter on the
subject I enclose, estimates the Fire
place to cost Rs 166 and I beg to
request that funds may be allotted

and

and the necessary orders issued for
the early execution of the work,
to admit of the completion by due
date of the Clothing for the Bombay
and Madras Armies.
