From W. Hughes Esqr.
Offg.
The Superintending Engineer, 11 Circle, President & members of the Examining Committee -

To
The Chief Engineer
P. W. D.

Sir,

ENCLOSURES.

As directed in your Memo No. 4756 C dated 16th October 1889, Assistant Engineer M. R. Gopala Aiyar has this day been examined in the subject described generally in para 87 of the Code, by a committee consisting of the officers signing this report -

3

The Committee are of opinion that M. Gopala Aiyar while showing a fair though not full and accurate acquaintance with the class of work on which he has been habitually engaged, has too little knowledge of other ordinary work of the Department - In regard to building

Construction especially it appears that he has not made good use of ordinary opportunities of observation.

For the above reasons the Examining Committee are obliged to report that Mr. Gopalu Aiyar has not satisfied them —
