READ—the following papers:—

From Surgeon-Major H. J. HAZLETT, Officiating Examiner of Medical Accounts, Madras and Bombay Circles, to the Surgeon-General with the Government of Madras, Fort St. George, dated Poona, 2nd September 1889, No. M/3343.

I have the honor to forward herewith copy of this office memo., No. M/2331 of 5th June 1889, to the Principal Medical Storekeeper, Madras, intimating that the charge for repairing an engine and boiler and steam packets of the Medical Store Depôt, Madras, amounting to Rs. 237-8-8, having been unbudgeted for, requires the sanction of Government. In reply thereto he informed me that the memorandum was transferred to the Examiner of Public Works Accounts, Madras, for disposal.

2. The latter officer was addressed on the 14th August 1889 by this office to know what action had been taken by him on the subject. In reply he stated that the amount in question was adjusted by debit to Military Department through the Central Adjusting Account in March 1889.

3. I have therefore to request that the sanction of Government may be obtained for the charge being borne by the Military Department, more especially because there is no budget provision in 1888-89 for covering the outlay.

Memo. No. 5176.

Referred to the Controller of Military Accounts, Madras, for favor of opinion as to whether sanction of Government is necessary.

2. The accounts of the year have already been closed and the Examiner of Public Works Accounts adjusted the amount by debit to Military Department in March 1889.

Your No. 503 of 29th May 1889

From the correspondence received with the above it does not appear that the charge for repairing an Engine and boiler and Steam jackets of the Medical Store Depot Madras, can be passed by this office -

From letter No. 2065 of 25th July 1888 of the Controller of Military Accounts Madras to the Surgeon General with the Government of Madras it is observed that provision for the charge not having been made in the Budget for 1888/89 it was pointed out that the sanction of the Government of India was required to meet the extra charge

45 But.

But it does not appear that the sanction was sought for.

In the Budget of 1889/90 similarly no provision appears to have been made for it -

According to Endorsement No. 5240 of 9th August 1888 of the Surgeon General with the Government of Madras on the letter of the Controller of Military Accounts, Madras, referred to above it would appear that the former Officer intended that the charge should be met from Public Works Funds -

The two invoices (Nos. a Rs 208-3-8, b " 29-5-") a 1177 & b 1179 of 29th March 1889) of the Madras Public Works Workshops are herewith returned —.
