Sir,

With reference to your note dated 14th Instant enquiring to what Department the store room on Stone House Hill (next the selected site for saluting battery) belongs, I beg to inform you that I think it belongs to the Chief Secretary's Office and in writing about it please state that the building referred to is the "old bath" which has been covered in with corrugated iron and is situated near the large latrine. The building is at present used as a lumber room, I believe.
