ORDER—dated 22nd June 1889, No. 1638 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Provincial for incomplete works of 1888-89 and for new works, repairs and tools and plant.

2. A sum of Rs. 1,63,549 was reserved in the budget for incomplete works, but the modifications of grants subsequently sanctioned increased the reserve to Rs. 1,64,199. Adding to this amount Rs. 335 resumed from the grant provided in the budget for item No. 109 of the statement B printed with these Proceedings, the reserve will stand at Rs. 1,64,534. Superintending Engineers, I and IV Circles, having applied for less grants under minor works than those provided in the budget, the following sums are resumed and credited to the reserve which will now amount to Rs. 1,83,584:—

Civil Buildings, Minor works, Ganjam division	...	...	...	...	...	RS.
Do. do. Vizagapatam division	...	...	...	...	...	500
Do. do. Godavari Western division	...	...	...	...	...	2,400
Do. do. Nilgiri division	...	...	...	...	...	1,150
Do. do. Coimbatore division	...	...	...	...	...	8,000
Do. do. West Coast do.	...	...	...	...	...	500
Communications, Minor works, Nilgiri division	...	...	...	...	...	2,500
Miscellaneous Public Improvements, Minor works, Nilgiri division.	...	...	...	...	...	3,000
						1,000
Total	...	...	...	...	...	19,050

3. The demands under Original works are detailed in the statement B and they amount to—

Incomplete Minor works	...	...	...	...	...	...	RS.
Do. Major do.	...	...	...	...	...	...	11,905
Do. Police do.	...	...	...	...	...	...	1,41,344

New Police do.	...	...	...	...	...	...	62,218
New Registration works	...	...	...	...	...	...	27,765
						...	38,894
Total demands	...	...	...	...	...	...	3,26,673

4. The allotments sanctioned under Original works amount to—

Incomplete Minor works	...	...	...	...	...	...	RS.
Do. Major do.	...	...	...	...	...	...	11,227
Do. Police do.	...	...	...	...	...	...	87,428
Do. Registration works	...	...	...	...	...	...	6,881
						...	8,404
New Minor works	...	...	...	...	...	Total	1,13,940
New Major do.	...	...	...	...	...	...	760
New Police do.	...	...	...	...	...	...	10,000
New Registration works	...	...	...	...	...	...	629
						...	4,385
Total allotments	...	...	...	...	...	...	1,29,714

5. The demands under incomplete works include additions to allotments already provided in the budget, but these demands have not been complied with in the case of items 61, 63, 74 and 79 as the balance of reserve is too small. No allotment has been made for item 71, as outlay to the extent of the sanctioned estimate has already been incurred. The question of providing funds for it will be considered on receipt of a revised estimate. Funds have been provided for all other incomplete works brought forward by Superintending Engineers and the Consulting Architect to Government.

6. In the case of new works, a sum of Rs. 10,000 has been provided for improving the strong rooms of the Paper Currency office, Fort St. George, the early execution of which was urged by the Accountant-General (*vide* G.O., No. 247 W., dated 30th January 1889). The circumstances in which the grant provided for this work in 1888-89 has not been utilised should be explained. Funds have also been provided for three other new works, items 37, 101 and 132 of the statement B, as the Superintending Engineer, V Circle, has reported that they have been already commenced. The circumstances in which these works were put in hand without obtaining allotments should be explained.

7. The marginally-noted works, for which large grants have been applied for, should have been included in the Superintending Engineers' budget estimates for 1889-90. Funds have now been allotted for them with much inconvenience as the small reserve with the Government was chiefly intended for such incomplete works as were expected to be completed in 1888-89, but were delayed owing to unforeseen circumstances.

8. An allotment of Rs. 6,560 under Minor works as shown in the statement A has been made from the reserve in addition to the grants already provided in the budget.

9. The demands under Repairs being much in excess of the budget provision, a sum of Rs. 38,300 has been transferred from the reserve as shown below:—

Civil Buildings	...	...	...	...	...	...	RS.
Communications	...	...	...	...	...	...	2,400
Miscellaneous Public Improvements	...	...	...	...	...	...	34,500
						...	1,400
Total	...	...	...	...	...	...	38,300

10. The amounts applied for and those granted under Repairs and Tools and plant are shown in the statement A appended to these Proceedings.

11. As the system of distributing the grants for repairs and tools and plant in the statements of demands is productive of inconvenience, these grants will be finally distributed in the budgets of ensuing years. Superintending Engineers and the Consulting Architect in framing their future budget estimates will carefully consider the requirements under Minor works, Repairs, and Tools and plant and include the same in their budgets. When large amounts are applied for, explanation with details should be furnished.
