READ—the following papers:—

No. 835 T.N.

REPORT by the Superintending Engineer, VI Circle, on the estimate for reconstructing the Sub-division and the Overseer's Office at Puthugudy, Tenkarai Taluk, Tinnevely District—Rs. 2,630.

The office is now held in a thatched building, originally constructed for the residence of one of the officers engaged on the Srivaikuntham project work. The building having only limited accommodation, unsuited for the purpose, a plan and estimate, amounting to Rs. 3,000, were submitted for sanction with this office No. 563 T.N., of 5th November 1887, but in G.O., No. 3197 W., dated 24th November 1887, revision of this plan and estimate was ordered.

2. The estimate is now prepared on the standard design circulated with G.O. No. 3463, dated 18th December 1876. The only deviation made in the plan is the substitution of doors in place of windows in Overseer's and Sub-division officer's rooms and the substitution of cement flooring to that of asphalt for store-rooms. The dimensions of wood works are altered as per standard specification.

3. The building is proposed to be built on the site where the present thatched building is situated, and no compensation will therefore be required. The soil being firm brown loam, the depth of the foundation, viz., 3 feet, is considered sufficient.

4. The reconstruction of the building is very necessary for the reasons stated in the Executive Engineer's report accompanying the estimate. The rates are fair, and the estimate is recommended for sanction and an early allotment of funds.

TRICHINOPOLY,
20th February 1888.

(Signed) J. W. RUNDALL,
Superintending Engineer, VI Circle.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 2,630, for reconstructing the Sub-division and Overseer's offices at Puthugudy, in the Tinnevely district, is submitted for the sanction of Government, with the remark that the rate for roofing is considerably in excess of the schedule price for the Tinnevely division. The Superintending Engineer should inquire whether the schedule requires revision; if not, it would appear that a saving could be effected on the estimate.

CHEPÂK,

ORDER—dated 3rd March 1888, No. 734 W., Public Works.

The estimate, amounting to Rs. 2,630, for reconstructing the Sub-division and Overseer's offices at Puthugudy, in the Tinnevely district, is sanctioned.

2. The question of providing funds for the work will be considered in connection with the final issue of the Provincial budget for 1888-89.
