Engines belonging to The Harbour Works,
one has lately been under repair at the
Madras Railway Company's Perambur
works, and will be ready for use in about
a fortnight, the other two which have
been working until recently can no
longer be used until repaired; and
unless the new engine arrives from
Home immediately a very considerable
outlay will have to be incurred in
purchasing an old second hand engine
from the Madras Railway Company,
otherwise progress on the works must be
stopped.
