Total	56,291

His Excellency the Commander-in-Chief with Military Department No. 7477, dated 30th October 1889, I am desired to report, for the information of Government, that the public buildings of the Madras Cavalry Regiment at Bangalore are estimated to cost approximately Rs. 56,300, as shown in the margin, and the grant allotted for their provision in the current year's budget estimate, together with that proposed for the ensuing official year, will admit of the construction of some of the buildings only, before the close of the year 1890-91, leaving the remainder to be provided for in the following year.

2. As intimated in this office letter No. 3401-A., of 8th October 1889, estimates for the first four buildings, marginally noted, have already received

the approval of the Commander-in-Chief and of Government, and His Excellency desires me to request that the Superintending Engineer may be directed to expedite the submission of estimates for the remaining buildings, in order that early approval thereto may be accorded. The plan and estimate for the combined saddle-rooms and places-of-arms for the Madras Cavalry Regiment, referred to in my letter above quoted, has been returned to the General Officer Commanding Bangalore District for inquiry as to whether it would not be advisable to have these rooms in separate buildings for troops or squadrons, instead of in one building as provided for in the plan and estimate submitted for the approval of the Commander-in-Chief.

3. With reference to para. 3 of the Government Order under reply, I am desired to forward, for the information of Government, a copy of the accompanying letter * from the Commissary-General, from which it will be seen that it is essential that the mule sheds and harness room at Calicut, sanctioned by Government in G.O., No. 3302 W., dated 17th October 1888, should be provided before the commencement of the next monsoon.

ENCLOSURE.

From Colonel J. C. GUNNING, Commissary-General, to the Quartermaster-General, Ootacamund, dated Madras, 27th November 1889, No. 2265-T.

In reply to your letter No. 4084-A., of 13th November 1889, I have the honor to state that the Officer in Commissariat charge, Cannanore, reports that the mule sheds and harness room at Calicut should be built before the beginning of the next monsoon, as the majority of the mules, since their arrival there from Bangalore, have been picketted in the open.

2. Two of the temporary sheds, in which the mules were formerly stabled, fell down during the last monsoon, and the one now remaining is in a dilapidated condition, and affords very little shelter to the animals.

3. If therefore the construction of the new mule lines is postponed, I shall be obliged to have temporary sheds erected for sheltering the mules during the monsoon. This would involve extra expenditure to the State.

No. 8625, Military.

Transferred to the Public Works Department, in continuation of Military Department endorsement No. 6976, dated 14th October 1889, with the request that the Superintending Engineer, V Circle, may be called upon to expedite the submission of the estimates referred to in para. 2 of the Quartermaster-General's letter.

(By Order.)

FORT ST. GEORGE, 13th December 1889. (Signed) A. KENNEY-HERBERT, Bridgr.-Genl.,
Secretary to Government.

ORDER—dated 21st December 1889, No. 3654 W., Public Works.

Communicated to the Superintending Engineers, IV and V Circles, for information and guidance.

2. The Superintending Engineer, V Circle, will expedite the submission of estimates called for in para. 2 of the Quartermaster-General's letter.

3. In the circumstances explained in para. 3 of the Quartermaster-General's letter, the estimate of Rs. 11,265, sanctioned in G.O., No. 3302 W., dated 17th October 1888, for the construction of sheds for the transport animals at Calicut, will stand. The balance of the original estimate for these sheds having been provided in the budget for 1890-91, the Superintending Engineer, IV Circle, will arrange for the completion of the work before the next monsoon.
