No. dated 188

x please return.

From your rejoinder No. 1, dated 19th December 1887, on the enclosed disallowance list, it appears that you consider that no leave with allowances can be granted to any member of the Works establishment except with the orders of Government. As the course, if adhered to in every case, such as the grant of leave to a labourer - Clerk in -
~~not entitled to any leave~~
 under

much unnecessary correspondence and trouble, it is proposed to ask Government to pass an order authorizing the application of P.W. Code para 556 (d) to the Works establishment as to all the establishment, and I should be obliged if you will let me have your views on the subject, and will inform me whether you have any objection to such order, for the consideration of Government.

I understand Code 935. 2.

to mean that members of works establishments should be paid only for the time they work, i.e. that those paid by the day should be paid for the number of days they work, whilst those paid by the month, though they may be allowed occasional and informal leave for a few days with forfeiture of pay, cannot, except as

any extended period, say for any period in excess of the limit laid down for casual leave.

2. Should Government wish to frame any general rules distinctly recognising the grant of leave with allowances to members of works establishments it will, I think, be necessary to obtain the confirmation of the Government of India.

3. In the case which gave rise to your reference the leave granted appears to have extended to a month nearly.

Sir,
I am directed to state
that in connection with the
Tank Restoration operations
which are now being actively
proceeded there are a large
number of Surveyors and
Lascars, who, though charged
to "works" and thus technically
classed as "work establishments"
~~not entitled to any leave~~
under

*under Code of Rules are never-
theless continuously employed.
The Chief Engineer for Irrigation
recently granted one of these
surveyors of more than 3 years
service, leave for a month;
but in the absence of any
ruling on the subject, the
Comptroller points out that the
leave is inadmissible -*

*I am to request that, under
the peculiar circumstances of
these establishments, the Govt.
of India will be pleased to
decide that leave under the
rules applicable to permanent
establishments may be granted
to them. There are now 28 Surveyors
and 210 Lascars sanctioned for
tank restoration work, and it
is of importance that these
men, who are exposed to great
vicissitudes of climate, should
occasionally be allowed, ^{short periods of absence} ~~leave~~
to recruit their health, or ~~to~~ ^{attend to} ~~other matters~~ ^{private affairs}.*
