Periyar Project Work

To The Chief Engineer
P.W. Department.

Sir,

In returning the papers received
with your endorsement No 442 C of
30 January 1889 I have the honor to
state that I should be very glad
if Mr Rosemeyer could be appointed
to the establishment of this Project
as a surveyor, from Rs 60 to Rs 80
would I think be fair pay.

2 We are constantly in want of
small pieces of surveying, sections &c
which are not of sufficient extent
to render it possible to engage a
surveyor

Sanction
not to be
given
to Mr
Rosemeyer
as a
surveyor
at Rs 60
per mensem
as he is
not a
surveyor
by profession
but a
civilian
and his
services
are not
required
for the
Project
work

No 201 PR

To Col Penycuik R.R.
Super & Engineer

Forwarded with a
request that Mr
Rosemeyer be
retained with an
allowance of Rs 60
per mensem & that
he be appointed
to the establishment
of the Project
work.

W. M. Rosemeyer
Chief Engineer P.W.D.

Surveyor, and such work has to be done by one of the subordinate staff, who are all fully employed, to the detriment of their regular work.

3. It would be a great convenience to have a surveyor permanently employed. His time would be almost constantly occupied, and if by any chance there was too survey work for him, plenty of occupation could be found in the way of executive supervision.

4. There are at present, several pieces of survey work which I want to have done but have ^{absolutely} no one to put on them, and it is impossible to engage a surveyor specially for odd jobs of this kind without prospect of regular employment.

5. If Mr Rosemeyer is appointed he should be directed to join here at once, so as to make use of the short time which remains of the present

present working season.
