GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper:—

From Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Kambakal Channel, 9th February 1889, No. 5258.

With reference to G.O., No. 99 W., dated 15th January 1889, I have the honor to state that the amount of the grant of Rs. 14,105 appropriated in G.O., No. 3982 W., dated 20th December 1888, for works as per margin may be surrendered to Government as there is very little time to spend this amount even if the estimates are sanctioned hereafter.

ORDER—dated 20th February 1889, No. 516 W., Public Works.

In his letter No. 3165, dated 23rd October 1888, the Superintending Engineer, V Circle, surrendered the grants provided in the current year's military budget for the marginally-noted works, and the Inspector-General of Ordnance was thereupon requested in para. 3 of G.O., No. 3579 W., dated 10th November 1888, to report whether he approved the surrenders, and, if so, to intimate to what works he wished the amounts to be transferred.

2. In his letter No. G/126, dated 1st December 1888, the Inspector-General replied that the Director-General was about to apply to the Government of India for sanction to reappropriate the amounts for the following works (*vide* G.O., No. 3982 W., dated 20th December 1888)—

	RS.
Water-supply, Gun Carriage Factory, Madras	5,120
New workshops, do. do.	8,985
Total	14,105

3. The Superintending Engineer, in his present letter, looks upon the above-mentioned proposed reappropriations as grants and surrenders them; but as no formal sanction has been accorded thereto, the surrenders proposed by the Superintending Engineer cannot be accepted. There appears, however, no probability of

early sanction being given to the estimates for the works mentioned in para. 2, which have been forwarded to the military authorities (*vide* G.O., No. 99 W., dated 15th January 1889), and the surrenders originally proposed by the Superintending Engineer from the turners' shop and store-room will therefore be accepted and replaced at the disposal of the Government of India as shown in the margin.

4. As all alterations in the revised and budget estimates should be reported to the Government of India before the 20th February 1889, the following telegram will be sent to the Government of India, Military Department:—

"Please accept surrenders of Rs. 10,000 and 4,105 from items 7 and 8, Class B Works, Military budget, and Rs. 3,456 from Establishment and Tools. Amounts cannot be utilised before March next."

5. A copy of these Proceedings will be forwarded to the Government of India, Military Department, for information.
