B PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 27th July 1889

Read the following

from the Examiner P.W. No. 1 (H.E. No. — of July 15. 1889)

575
(Communicated to the
Supt. Engineer VI Circle for
the information and guidance
of the Executive Engineer, Madras
Poly Division with the following
remarks:—

Item No. 1. A serious irregu-
larity was committed as the
head clerk was allowed to
retain a cheque, ^{according} to his own
account for 6 days. The
Supt. Engineer's attention is
called to this, and he is
requested to see that the
head clerk is not permitted
to detain cheques in future.

Item No. 2. The Executive
Engineer's attention should

be called to this matter,
in view to such irregularities
not occurring again.

Item N^o 3. The transaction
was most irregular.

Item N^o 4. It is evident
that the Executive Engineer
does not keep his office in
proper order. He must see
that in future there are no
grounds for complaint of this
sort. It is not possible to
issue definite orders regarding
such a matter, but the Supply
Eng^r should inquire into the
state of the office in view to
any cause there may be
for friction being at once
removed.

Item N^o 5. The Executive
Engineer will be called out
to explain the irregularity
complained of and to report
whether Code rules are
now observed.

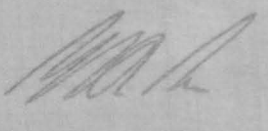

Item N^o 6. The data in

the preparation of bills
is not creditable to the
Executive Engineer.

Items 19, 20 & 21. The

Executive Engineer must give
his personal attention to the
service books.

2. The Government
regret that the report is
not satisfactory and shows
no improvement in the
Divisional office. The
Deputy Engineer's attention
is specially called to this
and he will report at the
end of six months whether he
considers it necessary to have
the office again examined
by an officer of the Public
Works Accounts ^{Dept.} ~~Department~~.

S. E. M. (enclosed with original
report for note 
25/2/27 ^{to return}
