GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From Lieut.-Colonel A. C. SMITH, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 28th February 1889, No. 102-E.W.

In forwarding the accompanying letter from the Chairman, Municipal Council, Karúr, requesting to show cause why the necessary license under section 180 of Act No. IV of 1884 (Madras District Municipalities Act) was not obtained for the construction of the District Munsif's Court-house at Karúr within the municipal limits, I have the honor to state that it was not usual hitherto to obtain licenses for the construction of Government buildings in any of the municipalities in this circle.

2. The section quoted, in my opinion, refers to building intended to be erected by private persons, who should satisfy the Municipal Council as to dimensions and level of foundation of floor and the means of ventilation, drainage and privies, and then obtain a license for proceeding with the structure; but, in the case of Government buildings, the professional opinion of the Municipal Council is practically of no value, as plans and estimates of such buildings are approved by the highest professional officers of Government, and further, should any dispute arise regarding any omission or defect in any building proposed to be constructed by private parties within municipal limits, the matter would be finally decided by this department. It seems therefore unnecessary for Government to obtain a license in these cases.

ENCLOSURES.

From M.R.Ry. T. PADMANABHAIAH, Chairman, Municipal Council, Karúr, to the Superintending Engineer, IV Circle, dated Karúr, 26th February 1889, No. 725.

In forwarding the accompanying extract from the proceedings of the Municipal Council, Karúr, I have the honor to request you will be good enough to inform me why the necessary license has not been obtained from the Municipal Council for the construction of the court-house in the railway compound of this municipality.

Extract from the Proceedings of the Municipal Council, Karúr, at a special meeting dated 16th February 1889.

4. Read letter from M.R.Ry. Srinivasa Row Avargal requesting information as to whether the licenses from the Municipal Council are not necessary for the construction of Government buildings.

A reference be made to the Public Works Department authorities to show cause why the necessary license under section 180 of the Municipal Act is not obtained for the construction of the building.

ORDER—dated 7th March 1889, No. 670 W., Public Works.

A copy of G.O., No. 446 W., dated 22nd February 1886, will be supplied to the Superintending Engineer, IV Circle, with intimation that section 180 of Act IV of 1884 should invariably be complied with when Government buildings are proposed to be erected within the limits of district municipalities.

2. The substance of the order above quoted and of this order will be embodied in the Public Works Code.

(True Extract.)

Government Buildings

Orders in regard to notice being given to the municipality when — are proposed to be erected within municipal limits.

No 102
Sub

From

Lt Colonel A. B. Smith A.E.,
Superintending Engineer,
Fourth Circle,

To

The Chief Engineer,
P. W. Department.

Sir,

Encls. 2.

In forwarding the accompanying letter from the Chairman Municipal Council Karur, requesting to shew cause why the necessary license under section 180 of Act No IV of 1884 (Madras District Municipalities act) was not obtained for the construction of the District Munsiff's Court house at Karur within the Municipal limits, I have the honor to state that it was not usual hitherto to obtain licenses for the construction of Government buildings in any of the Municipalities in this Circle.

2. The section quoted, in my opinion, refers to building intended to be erected by

by private persons, who should satisfy the Municipal Council as to dimensions & level of foundation of floor and the means of ventilation drainage & privies and then obtain a license for proceeding with the structure but in the case of Government buildings the professional opinion of the Municipal Council is practically of no value as plans and estimates of such buildings are approved by the highest professional officers of Government & further should any dispute arise regarding any omission or defect in any building proposed to be constructed by private parties within Municipal limits the matter would be finally decided by this Department. It seems therefore unnecessary for Government to obtain a license in these cases.

I have the honor to be,

Sir,

Your most obed^t serv^t,

Al Smith Lt Col R.E.,
Superintending Engineer, IV Circle.

In G.O. No. 446 W
 of 22.2.86 it was dis-
 tinctly ruled that the
 provisions of the Municipal
 act should be complied
 with as regards licenses
 as under.

The order unfor-
 tunately perhaps has com-
 mitted to all Super-
 intending, with an inti-
 mation that licenses
 should also be obtained
 at Municipal stations
 with reference to Sec
 180 of Act IV of 184.

The substance of
 the order might also
 be embodied in the
 Code.
