3. For the Calicut Bakery no Government sanction seems to have been obtained, but plans and estimates for a bakery and slaughter house were accepted by the Commissary General and forwarded to the Secretary General with this Office letter No. 5590, dated 17 Oct. 1888.

No. 1415

Government of Madras.

MILITARY DEPARTMENT,

Fort St. George, the 26 February 1889.

675

From the Commissary General
to the Secretary to Government, Military
Department. No. 8812, dated Madras
15 February 1889.

It is the honor to report for
the information of Government that during
my recent tour of inspection on the West
Coast, I found that no steps has been
taken to erect the Commissariat buildings
at Calicut and Mulliapuram sanctioned
by Government in their Proceedings marginally
cited.

2.

It is of the greatest importance
that

reply

that the bakeries especially should be put
in hand and completed as soon as possible
as until this is done there is no possibility
of supplying good and wholesome bread
to the troops. The bread at present
made in wretched hovels in the Native
towns and is very inferior as the Contractor's
bakeries are so far off cantonments as
to be beyond supervision and consequently
cleanliness and the use of good materials
cannot be enforced.

3. On the other hand at Cannanore
where the bread is made by a contractor
in the Government Bakery which is situated
in cantonment close to the Commissariat
Stores, the bread is exceptionally good as
the whole process is carried on under
close supervision and under the eye of the
executive Commissariat Officer himself.

4. The sheds for the transport
Elephants and bullocks at Calicut

should also be erected without delay as the
animals are now miserably lodged and their
present sheds are ^{not} so off the Commissariat
Sergeants Quarters that he cannot
superintend their feeding and grooming
properly and they are very apt therefore
to be neglected.

5. As the mules have been removed
to Bangalore, as reported in my letter
N^o 2908, dated 29th January 1889, the shed
for them will not be wanted, and the item
on that account viz Rs 3010 may be struck
out of the Estimate.

From the Quarter Master General,
to the Secretary to Government Military
Department, N^o 793. a, dated Cochin
19th February 1889.

Forwarded an allotment of
Rs 3310 is provided for the first named

work

work in the current year's budget, and although the estimate for it had been sanctioned as early as November last, nothing as yet appears to have been done towards a commencement thereof. The Commander in Chief therefore hopes that Government will be pleased to impress on the P.W.D. authorities the very urgent necessity existing for pushing on the work to a speedy completion so as to ensure the transport animals at Calicut being provided with suitable shelter before the setting in of the rainy season.

2. With regard to the Bakeries at Calicut and Malapuram, His Excellency considers their provision most necessary for the welfare of the troops and hopes that, for reasons adduced by the Commissary General, Government might.

might find it possible to make a special allotment of funds for their early completion.

Supy Engr was directed to commence the work from the current year's provision of Rs 3310. Subsequently however, difficulty was experienced in obtaining a site, & Rs 2000 of the grant were surrendered, vide G.O. No. 266 W of 1st Feb 1889. The Supy Engr will report whether the balance of the grant will be utilised before the close of the official year.

3. With reference to para 5 of the Commg G.O. letter the estimate sanctioned in G.O. No. 3302 W of 17th Oct 1888 will be reduced by Rs 3010.

4. For the halting at Malapuram, an estimate of Rs 1840 was sanctioned in G.O. No. 3165 W of 8th Oct 1888, & the Supy Engr will see that the work

work is carried out as quickly as possible from the budget grant provided for locomotives at that station.

5. In G.O. No. 3713 W of 23 Nov 1888, an estimate amounting to Rs 4,300 for constructing a halting at Calicut was sanctioned, & the work has been included in the budget for 1889-90 under Class C. If funds become available next official year, an allotment will be made for its commencement, but the many pressing demands under military works renders this doubtful.
