From the Suptg. Engineer V. Lacle. H. E. No. 5581 of 18 February 1889
 Office note from the Examiner P. W. Accounts. H. E. No. 311 of 9 March 1889.

As the grant of Rs. 1,000 provided for the South Arcot Division under Provincial Communications Repairs is not required, it will be resumed and credited to the Provincial reserve with the Govt.

2. The Examiner suggests that the probable further outlay to the end of the year and the proportion of the whole fairly chargeable to Local Funds for reconstructing the arches of the bridge may be ascertained from the Suptg. Engr, and that the Financial Department may be moved to instruct the Accountant General to place the required additional grant at the disposal of this Department. As the course proposed by the Examiner will not admit of the additional grant being obtained from

from the Financial Department
before the close of the official year,
and as it is not considered feasible
to make any modification at present
in the revised estimate of charges
under Incorporated Local Funds
which has been already reported
to the Govt. of India, no action can
now be taken. The Suptg. Engr.
should have taken steps to obtain
the grant at an earlier date.
