GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Lieutenant-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 28th January 1889, No. 2838 G.D.

I have the honor to submit, herewith, plan and estimate amounting to Rs. 9,230 for constructing a wooden bridge on the Madderu drain received from the Government Agent, Godávári district, and to request that the sanction of Government may be obtained to the same. The plan and estimate have been scrutinized by this office.

Note by the Chief Engineer, Public Works Department.

The Superintending Engineer, I Circle, submits an estimate amounting to Rs. 9,230 for a wooden bridge, which the Godávári District Board propose to construct across the Madderu drain near Timmapuram.

2. The undersigned has the honor to annex a rough estimate of the cost of constructing an iron bridge in accordance with the type design recently received from England and to point out that such a bridge would be stronger and more permanent than a wooden one.

3. If the District Board can afford the extra cost of about one-third, it seems advisable that the type design should be adopted.

(Signed) H. R. MEAD, Colonel, R.E.,
Ag. Chief Engineer, P.W.D.

12th February 1889.

ORDER—dated 20th February 1889, No. 510 W., Public Works.

The estimate amounting to Rs. 9,230 for constructing a wooden bridge across the Madderu drain near Timmapuram in the Godávári district is sanctioned.

2. The suggestion of the Chief Engineer that an iron bridge be substituted for the proposed wooden bridge will, however, be referred to the District Board for consideration.

3. This sanction has been registered as Local No. 21 W. of 1888-89.

(True Extract.)

(Signed) H. R. MEAD, Colonel, R.E.,
Ag. Secretary to Govt., P.W.D.

To the Superintending Engineer, I Circle.
„ Local and Municipal Department, with three enclosures and rough estimate.
