With reference to your No: 4854 24/3/85 I have the honor to say that my "Memorial" of 5th Instant did not deal with my training before my appointment as Assistant Engineer in the Madras Irrigation & Canal Compy because it seemed to me that the training & experience gained in that Company, the advantage of which was acknowledged by special promotion (see Para 7 of the Memorial) was of much

26

greater consequence as regards the Question in hand, than my training, chiefly theoretical of course, as a mere youth.

(2) I received my Engineering training in the years 1857 to 1860; first under Clement Hodgkinson Engr C.E. (Consulting Engineer to the Melbourne Municipalities & Waterworks & to the Hobsons' Bay Railway) and then under Messrs Davidson & Sprang, Civil Engineers & Architects, Hobart Town.

(3) I then, at the commencement of 1861 obtained an appointment as County Surveyor under the Tasmanian Government which appointment I held till I resigned it on receiving the appointment in the Madras Irrigation & Canal Compy, at end of 1861.

In forwarding the enclosed Memorial for Submission to the Secretary of State, I have the honor to request that the Local Government in Sending it on, be moved for

for an expression of their opinion on the propriety of adopting two Scales of pensions for European Civil Engineers appointed in India and from England while both accepted Government Service under the Same conditions as to pensions. At the time I entered Service, the only difference between Officers appointed in England and in India, was that the former were under Slightly more favourable leave rules. As regards pensions, however, both were on the old Uncovenanted rules. Such being the case any alterations made in these rules Since I joined Service Should apply to me equally

with

with those from England. Equality of treatment in this respect is what I Seek. And the denial of the new pensions, and, at the Same time, the enforcing of the 50 years order would be not only an act of undoubted hard Ship, but very questionable justice.

I think not – all we cd say wd be that (supposg. it to be the case) we have but one× man so situated but this has been pointed out by the Govt. of India doubtless has many others & has considd. their case before. The Madras man can't be treated exceptionally

25 Jan

× Mr. Grimes, and Mr. J.C. Johnston, seem to be in the same position – i.e. officers appointed in India who do not come under the more favourable pension rules. Mr. Grimes was also appointed to the Dept. from the C.E. College, although to the Subordinate grades in the first instance.
