Sir

I have the honor to request that you will be good enough to submit this appeal to the Surgeon General with the Govt. of Madras, in view to the facts therein stated, being placed before higher Authority, and a decision thereon obtained.

2. Under a ruling of the Govt. of India, an Honorary Surgeon when not provided with public quarters, is entitled to Rs. 75 per mensem, as Presidency house rent. This allowance, I have received for the past eight years without experiencing any difficulty whatever in obtaining it. Since October last, however, the Public Works authorities have raised objections to its further payment.

3 When the matter was first represented to them, I was informed, that my right to any compensation was demurred to, on the ground that

I was occupying my own house, subsequently, the Executive Engineer admitted, that I might occupy my own house, but that house rent would be passed subject to a valuation made by his own Office; and accordingly, my house was inspected and valued on two occasions. He then offered to pay up my claims at the rate of Rs. 50 a month, at first, and afterwards at Rs. 40.

I would here remark, parenthetically, that a second grade Apothecary when provided with public quarters, is allowed an area of 746 ft. s. in 3 rooms. if no quarters are available, he gets in lieu, Rs. 45 a month, as compensation. In my case, for a house with an area of over 1000 ft. s. in 6 rooms, I am asked to accept, as a fair rental value, only Rs. 40.

4. According to provisions laid down in the P.W. Code, it is obligatory on the P.W Authorities to provide Warrant Medical Officers with either public or private quarters, but the same rule does not hold good in the case of commissioned officers, who, as a rule, are privileged to engage quarters for themselves, and the houses they occupy are never subjected to any inspection and valuation such as have been made in my cas.

5. The rate of compensation for quarters which I have hitherto drawn, was the sole pecuniary advantage that I derived from my honorary rank, in other respects, the rank, though conferred as a reward for meritorious service, has proved more a loss than a gain to me, inasmuch as, it has deprived me of the higher rate of salary given to a senior Apothecary - a grade to which I am debarred promotion.

6. Futhermore, I beg to point out, that in dealing with my claims, the P.W Authorities have altogether ignored the commissioned rank I hold with the privileges pertaining thereto, have curtailed an allowance that I have been receiving for many years and looked upon as part and parcel of the emoluments of my rank, and have moreover denied me the civil rights of a landlord, in that, while other landlords are allowed to fix the rent of their houses, they (D.P.W) assume the right to assess the rent of my house.

~~The~~ SURGEON-GENERAL WITH THE

To
THE CHIEF SECRETARY TO GOVERNMENT,

Public DEPARTMENT.

SIR,

I have the honor to submit for the favorable consideration of the Right Honorable the Governor in Council, the accompanying letter from Honorary Surgeon W. Karney Assistant to the Professor of Medicine in the Medical college, representing the hardship of depriving him of the house rent of his rank by the action of the Department of Public works.

2. Up to October last, warrant medical officers if not provided with public quarters, were granted the authorized house rent of their rank in lieu of quarters, and they made their own arrangements for house accommodation. This arrangement worked satisfactorily, and the same arrangement now holds good in the case of Commissioned officers; but since the D.P.W. interposed between the tenant and the landlord, there has sprung up a feeling of discontent, and

and as in the case of Honorary Surgeon Karney the change has been attended with perhaps some little saving to the State, but with hardship to the warrant medical officers, and much discontent in the department. I would therefore recommend for the consideration of Government the expediency of allowing warrant medical officers like Commissioned officers to make their own arrangements for house accommodation without the intervention of the D.P.W, and in the event of their not being furnished by that department with public quarters, to grant them the house rent of rank authorized by regulations.

Sir,

I beg respectfully to submit for the favorable consideration of the Surgeon General my appeal against the ruling of the Superintending Engineer V circle communicated in docket No. 3883 of the 15th November from the Executive Engineer Presidency who on returning my house rent bill for October and the acquittance, states that no compensation for quarters at Rupees 75 will be paid for October, and that house rent for the house occupied by me at Rs 33 will be paid to the Land lord on his presenting a bill and acquittance, I beg to state that from 16th June 1885, the date of my promotion to Senior Apothecary 2d grade I drew the above sum as compensation.

OFFICE OF SURGEON GENERAL
20 DEC 86
WITH GOVT. OF MADRAS

2. In G. O. Military Department of 27th May 1886 No. 3196, it will be seen that the whole question of quarters and compensation refers only to Warrant Officers, and does not under the orders quoted below seem to be applicable in my case, thus with reference to a recent order of Government issued as a special army circular on 10th August 1886 Clause 124 reads × × × "and Senior Apothecaries who enjoy the advantages attaching to Honorary rank shall cease to be designated Warrant Officers,

and

and shall simply be styled Honorary Commissioned Officers of the Department to which they belong and Senior Apothecaries respectively. — All regulations will be modified accordingly so as entirely to abolish the use of the word "Warrant" — also see Special Army Circular of 16th July 1884 para 3 given at page 53 in the Quarterly sheet of 3rd quarter for 1884.

Under the above ruling I beg most respectfully to submit that my claim to the advantages attaching to honorary rank of Commissioned Officer may be favorably considered and accepted as correct in as much that Commissioned Officers rent their own quarters receiving the full amount of their house rent.

3 The quarters occupied by me are within easy reach of my hospital (44yds) as I made it my special duty to live as near as possible in the interests of my hospital and the duties connected therewith; it being a special Institution requiring constant supervision by frequent visits at all hours, I selected the nearest convenient house available which is rented by me by private arrangement with the Land lord; though it is inferior in accommodation and in comfort I occupy it for the reasons given above.

In conclusion I beg most respectfully to claim the protection of the Surgeon General against the retrenchment of Rupees 42 monthly made on my house rent by the Public Works Department:

OFFICE OF SURGEON GENERAL
31 MAY 87
WITH GOVT: OF MADRAS.

Sir,

In continuation of my letter dated 19th December 1886, I beg to appeal to you again on the subject of my house rent claims, which for the past eight months remain unpaid.

2 In the Public Works' Code it is distinctly laid down that certain rates of compensation according to rank are payable to Medical Subordinates, when suitable public quarters have not been provided for them, or when other quarters have not been hired for their use at Government expense. It is further ruled that when quarters of an inferior character are provided the

5

the Subordinate can draw a propor-timate compensation in money.

3 The rate of compensation to which a Senior Apothecary is entitled is Rs 75 a month - Since my promotion to this grade I have drawn this sum and no objection has been raised to paying it, although I have been living in the same house I now occupy for the last 5 years

4 The Executive Engineer in his letter No 111 dated 11th May/87 proposes to pay me at the rate of Rs 33 a month, that is Rs 42 less than the authorized rate.

5 The house I occupy was engaged by myself, and I pay a rental of Rs 33 a month - Its proximity to the Lock Hospital has enabled me to visit the place as you are aware, at any hour I chose day or night, and thus to exercise a constant & vigilant personal supervision which in the nature of the case is absolutely needed. I feel it therefore to be a great hardship that because I have preferred, in the interests of my public duty, to occupy a house near to the hospital of inferior accommodation, that the Public Works authorities should make that the ground for curtailing my house-rent - I have the option even now, to take a house at a greater distance up to the full rental value, and so to take it out of the power of the Public Works Depart to do otherwise than pay my full claims, but I leave it to you to say whether this is the right sort of spirit to provoke in a public servant, or whether the public weal would be better promoted thereby.

6 5 Further, I would respectfully beg to point out, that there is no G.O. that I am aware of which

which authorizes the P. Works authorities in the face of existing Rules to pay to Medical Subordinates only the amount they pay to their Landlords, and to take no cognizance — whatever of their rank.

6 Moreover in the Army Circular clause 124 of 1886 dated 10th August, a Senior Apothecary is graded a step above a Warrant Officer & bears a relative rank — equal to that of a Lieutenant. I contend, therefore, that I can fairly lay claim to the privilege of choosing quarters for myself as Commissioned Officers are allowed to do — With these few remarks I request that you will be pleased to place the matter in the hands of the Surgeon General who I feel assured will give my case that amount of consideration and support

which

which my long service and character entitle me to.

I have the honor to be

Endt. in the Public Dept No 514 R dd 1 July 1887.

Referred to the Supdg Engr. V Circle for favour of remarks on the Surgeon General's statement regarding the interposition of the D.P.W. between the tenant and the landlord. ~~[illegible]~~ If the rules be properly worked there would be no such interposition. It is the duty of the P.W. Dept to provide quarters, & when they are provided by hire, the transaction should be between the P.W. Dept & the landlord direct.

2. Honorary Surgeon Karney occupies his own house, & there is therefore no objection to his being paid a fair rent for it; but the statements, as per margin, made by Senior Apothy. Hardaker are not understood. If it be the case that the rent is paid to Mr Hardaker, the procedure is incorrect. The house should be hired by the Ex. Engr ~~from the landlord~~, for Mr Hardaker's occupation, & the rent should be paid direct to the landlord. If the accommodation provided be less than that prescribed in the P.W. Code, a proportionate amount of "compensation for inferior quarters" should be granted, but otherwise no payment to Mr Hardaker on account of rent is admissible.

"The Ex. Engr proposes to pay me at the rate of Rs 33 a month".

"There is no G.O. which authorises the P.W. authorities to pay medical subordinates only the amount they pay to their landlords".

To
THE Chief Engineer,
P. W. Department.

SIR,

Enclosures. 6.

In returning the enclosures of your Memorandum No. 307 D dated 6th July 1887, I have the honor to report that in October last, Colonel Burton R.E. then Supdtg: Engineer issued orders to the Executive Engineer, upon G. O. No. 1508 W dated 29th June 1885, that the rents of houses occupied by Medical Subordinates should be paid to the landlords. It was upon this that the correspondence regarding the house rent allowance of Honorary Surgeon Lawrence arose upon which orders were passed in G. O. No. 1466 W dated 30th May 1887.

2. The houses occupied by the Medical Subordinates at the time were those engaged by

by themselves. It would have occasioned a great amount of inconvenience to this Department as well as to the Medical Subordinates, if other houses were hired for them by this Department to give effect to the Orders in G. O. No. 1508W dated 29th June 1885 - and it was therefore arranged to allow the Subordinates to remain in the houses engaged by themselves, and pay the rent to the landlords, the P. W. Department thenceforward becoming the hirer of the houses - instead of the Medical Subordinates concerned. This apparently, is the interposition of the P. W. D. between the tenant and the landlord alluded to by the Surgeon General. In future however houses required for Medical Subordinates will be hired by the Department.

3. The Executive Engineer's attention has been called to the statement regarding Senior Apothecary Hardaker's house rent - and he has been requested to pay the house rent direct to the landlord.
