18TH JANUARY 1889, No. 133 W., PUBLIC WORKS.

258

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following paper:—

From General *Sir* H. N. D. PRENDERGAST, K.C.B., V.C., Officiating Resident in Mysore, to the Secretary to the Government of Madras, Public Works Department, dated Bangalore, 22nd December 1888, No. 4371/5308.

I have the honor to enclose a copy of a letter No. 1195 M.S., dated the 10th December 1888, from the Executive Engineer, Presidency Division, Bangalore, who was asked to undertake, and has since executed, certain repairs to the Residency buildings here.

2. From Colonel Thompson's letter the Government of Madras will see that no estimates for such works will be sanctioned by the Superintending Engineer, V Circle, until the Residency is formally handed over to the Public Works Department. I have no objection to this course, but, before concluding the arrangement, I beg to state that prior to the transfer of the Fort of Bangalore to His Highness the Maharaja in exchange for the Residency and grounds, all necessary repairs were executed by the Mysore Public Works Department, estimates being first submitted for the Resident's formal approval and sanction; when this was accorded the amount of the estimate was at once placed at the disposal of the Public Works Department. If His Excellency the Governor in Council sees no objection to this procedure, I would suggest that the Presidency Engineer, Bangalore, be instructed to attend to all repairs that may be required to the Residency buildings from time to time on requisitions from the Resident.

3. I may mention that an annual sum of Rs. 4,000 has been sanctioned by the Government of India on this account "to be spent at the discretion of the Resident on the understanding that repairs to the Residency buildings will be a first charge against this grant."

ENCLOSURE.

From Colonel R. THOMPSON, R.E., Executive Engineer, Presidency Division, to the Assistant to the Resident in Mysore, dated Bangalore, 10th December 1888, No. 1195 M.S.

I have the honor to inform you that the necessary repairs to the Residency have been completed, and the question now is how is the expenditure incurred to be met.

2. The Residency has been handed over to the British Government in exchange for the old Bangalore fort, but as yet this building has not been formally handed over to the Madras Public Works Department, and until this is done no estimate for any work that may be carried out on this building will be sanctioned by the Superintending Engineer, V Circle.

3. I therefore request you will be good enough to take such steps as will ensure an early transfer of the Residency and its subsidiary buildings to this department.

ORDER—dated 18th January 1889, No. 133 W., Public Works.

His Excellency the Governor in Council has no objection to the course proposed by the Resident in Mysore. The Executive Engineer, Presidency Division, will accordingly attend to all repairs to the Residency buildings at Bangalore on requisition from the Resident. In framing estimates for the Resident's sanction, the Executive Engineer will include the usual charges on account of establishment and tools and plant.

2. A copy of these Proceedings will be forwarded to the Resident through the Political Department.

With reference to G.O.  
No. 133 W. dated 18th. January 1889  
directing the Executive Engineer  
Presidency Division to attend to  
all repairs to the Residency build-  
ings at Bangalore on requisition  
from the Resident, it is necessary  
to determine the most convenient  
method of adjusting the outlay in  
the Executive Engineers' accounts.  
This would probably be by transfer  
to the Accountant General who  
audits the Residency expenditure,  
but it would perhaps be well to  
ascertain from the Resident whether  
this arrangement would suit and  
with whom the transfer should be  
arranged. Would you please do this

C. No. 1688.

Note.

From the Resident's letter printed  
with G.O. No. 133 W of 18.1.89  
it is evident that the Govt of India  
sanction an annual grant of Rs. 4,000  
for repairs connected with the Presi-  
dency buildings but to be spent  
at the discretion of the Resident.  
It is clear therefore that the outlay  
is chargeable to one of the financial  
heads of the Empire. It cannot  
therefore be treated as a charge  
against contributions, vide para  
1339(a) of the P. W. Code.

2. From the arrangements  
sanctioned it is apparent that  
the Re. &c. Presidency Dn has only  
to execute such of the repairs as  
may be required by the Resident  
in whom the option of expending  
the grant of Rs. 4,000 from the Govt.  
of India is vested. The Examiner  
therefore considers it convenient  
to adjust the cost of repairs that  
may be executed by the Re. &c.  
Presidency Dn. by transfer to the  
Accountant General who may have  
to audit all expenditure connected

with the Residency. This is no doubt a convenient arrangement. But the Accountant General who audits the Residency expenditure is not mentioned anywhere. It may be the Comptroller General of India. The Examiner proposed to ascertain this from the Resident taking his opinion at the same time on the proposed adjustment of the outlay by the R. & C. Presidency.

A draft reference to the Resident through the Political Department is submitted for approval.

Yes, but the reference to the Resident should be by a letter sent in the Political Dept. 25/3/89

to determine the most  
convenient method of  
adjusting in the En. Engrs  
accounts, the outlay incurred  
on repairs to the Residency  
buildings. The En. P.W.  
Accts. Madras, suggests  
that this would probably  
be by transfer to the  
Account Officer who audits  
the Residency expenditure,  
& I am to inquire whether  
such an arrangement  
would meet your approval.  
Also, I am to request  
that you will be good  
enough to designate  
the Account Officer with  
whom the transfers  
would be arranged.

CHIEF SECRETARY

GOVERNMENT OF MADRAS

In reply to your letter Political  
No. 130 dated 11<sup>th</sup> March 1889,  
I have the honour to say that  
my views in regard to the desir-  
ability of placing the Local  
officer of the Madras P.W. Depart-  
ment in charge of repairs to the  
Bangalore Residency are not al-  
together in accordance with those  
expressed by Sir Harry Prender-  
gast in his letter No. 4571-5308  
dated 22<sup>nd</sup> December 1888, I think  
it would be more convenient on

the whole, to make my own  
arrangements locally for such  
repairs as may be necessary, and  
in this way the charges for  
supervision and percentage on  
tools and plant may be avoid-  
ed. As I should not in this  
case send any requisitions for  
repairs to the Presidency Engi-  
neers, Bangalore, the question  
as to adjustment of accounts,  
raised in your letter under reply,  
will not probably require con-  
sideration.

I have the honour to be,
