APPOINTMENTS.
ROYAL ENGINEERS.

Memorandum of instructions for the disposal of Officers of Royal Engineers on first arrival in India (approved by the Government of India in Military Department letter No. 231-A., dated 23rd January 1889).

On information being received by the Commander-in-Chief in India from the Horse Guards of the posting of Royal Engineer Officers to the Indian Establishment, the Presidency to which they are to be posted will be determined by the Government of India, whose orders should be obtained through the Adjutant General in India.

Officers of Royal Engineers on arrival in India at the commencement of their first tour of service, will report themselves, with their orders from England, to the District Staff Officer at the port of disembarkation, who will telegraph their rank and names to the Adjutant General in India at Simla, and orders will be sent directing them to proceed to the Presidencies and stations to which they may be posted.

2. Officers on arrival will travel to their stations under transport warrants from the Officer in charge of the Quarter Master General's Department at the port of disembarkation.

3. Officers of Royal Engineers, if posted on their arrival in India to the Bengal Presidency, will be attached to the Military Works Department, under the conditions prescribed in Army Regulations, India, Volume II, Part I, paragraph 1056.

Officers so attached will be brought on the establishment of the Military Works Department as vacancies occur, on the application of the Inspector General of Military Works, submitted to the Government of India in the Military Department.

If posted to the Madras or to the Bombay Presidency, Officers will be attached to the Corps of Sappers and Miners of the Madras or of the Bombay Army, as the case may be, until brought upon the permanent establishments of those Corps or otherwise provided for.

4. Royal Engineer Officers belonging to the Bengal establishment will, with the concurrence of the Government of India, be transferred from the Military Works Department to the Bengal Sappers and Miners, under the orders of the Commander-in-Chief in India.

5. Officers of Royal Engineers may, if the requirements of the Army admit of it, and with the approval of the Government of India, or of the Government of Madras or Bombay, be permitted to accept civil employment in the Public Works Department, or in any other department if qualified for the same.

Applications for such employment will, in the Bengal Presidency, be submitted by the Officers concerned through the prescribed channel to the Inspector General of Military Works, and be forwarded with an expression of his opinion to the Adjutant General in India, for the concurrence of the Commander-in-Chief in India, and subsequent transmission to the Government of India for consideration.

In the Madras and Bombay Presidencies, such applications will be submitted through the prescribed channel for the concurrence of the Commander-in-Chief of the Army concerned, and subsequent transmission to the presidential Government for consideration.

6. The arrival in India of all Officers of Royal Engineers is to be reported in writing by the District Staff Officer at the port of disembarkation

direct to the Secretary to the Government of India, in the Military Department, as well as by telegraph to the Adjutant General in India at Simla; and if they are posted to the Bengal Presidency, the Inspector General of Military Works will intimate to the Adjutant General in India the date on which the Officers join the stations to which they may have been posted.

Similarly, in Madras and Bombay, the Commandant of the Corps of Sappers and Miners to which the officers on arrival will be attached, will intimate the date of their joining to the Adjutant General of the Army concerned.

7. The following papers are required by an Officer of Royal Engineers leaving the port of disembarkation, and will, for the present, be forwarded by him to the Commandant, Bengal Sappers and Miners, at Roorkee, the Commandant, Madras Sappers and Miners, at Bangalore, or the Commandant, Bombay Sappers and Miners, at Kirkee, according as the Officer is posted to the Bengal, Madras or Bombay Presidency.

- I.—Copy of the order directing him to proceed to India from England.
- II.—Last pay certificate.
- III.—Ship's messing certificate.
- IV.—Certificate of date of arrival at the port of disembarkation.
- V.—Extract district order directing him to proceed to join at Government expense on first arrival.
- VI.—Certificate that he was, or was not, supplied with quarters during his stay at the port of disembarkation.
- VII.—Certificate from the District Staff Officer of the date on which he starts to join the station to which he may have been posted.
- VIII.—Copy of record of service, with particulars of next-of-kin.

By order,

W. K. ELLES, *Major General,*
Adjutant General in India.
