note 9/15

Apparently the
Govt. alone is the au-
thority under whose sanction
an En. Supt. can transfer
to any one else a work
entrusted to him for
construction. Code para
1099 & 1309 would
appear to imply this.

~~The~~ Taking the oppo-
site case, an En. Supt.
cannot without Govt.
sanction, undertake
work which properly
devolves on civil
Departmental Officers.
Vide Code para 1316.

It is no doubt
open to the Govt. to rule
that the "proper au-
thority" referred to
in Code para 305
is the Supply Supt.
It appears desirable

that the point should be definitely decided, for ex. previous such as "proper authority" in a Code always lead to varied interpretations.

The S.E. should be the "proper authority" in Code para 305 ~~and~~
W.S. 84

Yes, I consider the S.E. should be empowered to decide when work may or not be delegated to agency other than that of the Executive Eng. He is best conversant with the circumstances of each case and I do not think the Government need be troubled to decide upon each case as it comes up.

OFFICE NOTE No. 398

To

W.

With reference to code para 305, please obtain the orders of Government as to who is the proper authority under whose sanction an Executive Engineer can transfer to any one else a work entrusted to him for construction.

2. The question has arisen in connection with the work "Repairs to Panchepenta and Turner's Ghat road". This work it is stated by the Executive Engineer Vizagapatam Division, was transferred to the Agency Department for execution on the authority of the Supg. Engineer Ist. Circle, and I wish to know whether the Supg. Engineer's authority can be accepted in this and similar cases under the above regulation.
