16TH NOVEMBER 1888, No. 3632 W., PUBLIC WORKS.

991
GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Bangalore, 9th October 1888, No. 2942 A.

In para. 4 of G.O., No. 858 W., dated 30th March 1886, it was ordered that a trial should be given to the suggestion made by the then Superintending Engineer that for works undertaken at the Public Works Workshops, the General Superintendent's estimates for any job, as approved by the customer who ordered it, shall be binding both upon the General Superintendent and upon the customers. This is still in force, as mentioned in para. 31 of the Deputy Examiner's note in G.O., No. 3474 W., dated 20th December 1887.

2. In para. 4 of my letter No. 2403, dated 2nd September 1887, I suggested that, as far as all Government work is concerned, estimates might be abolished and actual cost *plus* percentages charged without undue profit or loss.

3. The General Superintendent, Public Works Workshops, considers that estimates should be treated as estimates only both for Government departments as well as for private individuals, and that charges made for work done should be the actual cost of the work *plus* the percentages in all cases, in accordance with para. 2 of chapter VII of the Government of India Public Works Code, volume III of 1887, and that the practice of treating estimates as binding whereby considerable extra profits accrue to the workshops is unfair to the customers. I would advocate the adoption of the procedure laid down in the Government of India Code paragraph alluded to, and would suggest that when estimates are framed under this ruling for private individuals and sent to them for approval, a copy of the Government of India Code paragraph should be attached to each estimate and, if the parties refuse to agree to the condition therein mentioned, the work will not be carried out. I would remark, however, that no prohibitory orders have been passed in G.O., No. 3474 W., dated 20th December 1887, on the instances brought to notice by the Deputy Examiner of extra profits derived by the workshops from actual cost of work falling below the cost previously estimated, and I would further observe that in cases of work undertaken by the workshops for private individuals turning out to be bad and having to be done over again, as in the case of the rams ordered by Messrs. Stanes and Co., it cannot be expected that the cost of doing the work a second time will be borne by the person who ordered it, and in such cases the loss will fall on the workshops, and there will be nothing as a set off against such losses if any balances remaining from estimates after deducting the actual cost *plus* the percentages were not to be credited to the workshops as extra profits.

No. 2561.

Forwarded with the remark that, from an accounts point of view, it will be very much simpler to charge actual cost in all cases as proposed by the Superintending Engineer.

(Signed) C. H. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

8th November 1888.

ORDER—dated 16th November 1888, No. 3632 W., Public Works.

The Government approve of the proposal that actual cost *plus* the sanctioned percentages should be charged in all cases. The General Superintendent, Public Works Workshops, will be instructed accordingly.

(True Extract.)

(Signed) H. R. MEAD, Colonel, R.E.,
Ag. Secretary to Govt., P.W.D.

To the Superintending Engineer, V Circle.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper

Proceedings of the Board of Revenue, No.
1564 Mis, dated 15th March 1889.
Read the following letter from the Collector
of Kistna, dated 21st February 1889, No. 969.

With reference to the Correspondence
terminating with Board's Proceedings, mis No.
recording G.O. of 16298, dated 23rd October last, on the subject
2-9-88, No. 5666. of the utilization of the large balance under
the Canal and Ferry Fund, I have the honor
to request that the Board will be pleased
to sanction Rs. 800 required for the construction
of 2 ballants, as per plan and estimate
enclosed, for the ferries over the Salt Creek
at Vibharampuram and Jangampad in
the Gudiwade Taluk.

2. These ferries were sold by Public auc-
tion and fetched Rs. 112 & 80, respectively during
the current year.

3. The ballants in question will be
constructed at the Government workshop,
Berwada.

Bezawada.

I hope in a few days to submit to the Board plans and estimate for a bridge over Ryvis Canal Bezawada to utilize the bulk of the balance.

Resolution:—

Submitted to Government with the request that the sum of Rs 800 asked for in para 1 may be sanctioned from the balance in favor of the fund.

Endorsement No 1835, dated 21st March 1889. (Rev)

Approved and transferred to the Financial Department for orders..

Order of 2nd April 1889 No 216.

No provision appears to have been made for the charges on account of Public Works Supervision and tools and plant. There was no necessity for sending the estimates to the Revenue Board, but the Collector should have ascertained what grant was actually required.

2 The Accountant General will place the sum of Rs 996, at the disposal of the Public Works Department.
