GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

---

READ—again G.O., dated 5th September 1890, No. 5475, Mis., Revenue.

ABSTRACT.—Asking the Collector of Nilgiris to ascertain if the applicants for the grant of a piece of land for the construction of a Masonic Lodge will be willing to purchase the land for Rs. 468, the estimated market value.

---

READ—also the following letter from C. F. MACCARTIE, Esq., Acting Collector of Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 27th September 1890, No. 94:—

With reference to G.O., dated 5th instant, No. 5475, I have the honor to submit copy of a letter, dated 16th idem, from the Honorable Mr. Hamnett agreeing to purchase the site on Jail Hill, measuring 39 cents, for Rs. 468, for the erection of a Masonic Lodge.

2. At the same time Mr. Hamnett communicates the opinion of the members of the Lodge that the valuation of the site at Rs. 1,200 per acre is excessive. The site in question is situated in a most central position and the prices at which properties were sold within the Municipal limits will afford no data for arriving at the correct value of the particular site. I am satisfied, however, that the valuation at Rs. 1,200 per acre is more in favor of the grantees than against them, as in two cases of sale of lands situated not far from this site, but on the opposite side of the public road, the value paid was considerably in excess of the above estimate.

---

ENCLOSURE.

From G. HAMNETT, Esq., Secretary, Lodge Building Committee, to the Acting Collector of Nilgiris, dated Ootacamund, 16th September 1890.

I have the honor to acknowledge the receipt this day of your endorsement, No. 1082, Mis., dated the 15th September 1890, communicating G.O., Revenue Department, No. 5475, dated the 5th idem, and to state that the members of Lodge Faith, Hope and Charity are willing to purchase the land, measuring 39 cents of an acre, for Rs. 468; but they desire me to represent to the Government that the "market value, which is estimated at Rs. 1,200 an acre," appears to them, from their experience of the prices which property now fetch at Ootacamund, to be a fancy value, and not the value generally obtaining within Municipal limits, which can be ascertained from the sales of property registered in the office of the Registrar of Assurances on the Nilgiris.

---

ORDER—dated 11th October 1890, No. 801, Revenue.

Land Revenue, No. 56.

The Government agrees with the Collector in thinking that the valuation of the site at Rs. 1,200 an acre is not excessive. Its sale is sanctioned and the price—Rs. 468—should be realized and paid into the Treasury.

G.O., 11th October 1890, No 801.

**OCTOBER.**

**Site on the Jail Hill, Ootacamund.**

Agreeing with the Collector in thinking that the valuation of the —, at Rs. 1,200 an acre, is not excessive, and sanctioning its sale for Rs. 468 to a certain Masonic Lodge.

GOVERNMENT OF MADRAS.

## MILITARY DEPARTMENT.

**Accommodation for Troops—European.**

Read the following paper :—

No. 207. *From Brigadier-General E. COLLEN, C.B., Secretary to the Government of India, Military Department, to the Quarter Master General in India; dated Simla, the 23rd September* 1889, *No. 1927-MW.*

Accommodation for Troops.

I am directed to acknowledge the receipt of your letters noted in the margin, and in continuation of Military Department No. 1318-MW, of the 4th July last, to acquaint you, for the information of His Excellency the Commander-in-Chief, of the modified decisions which have now been arrived at by the Government of India in connection with the requirements of Regimental Institutes.

No. 2741-B of 17th July 1889.
„ 2759-B of 18th „ „
„ 3524-B of 28th Aug. „

2. His Excellency has explained that the result of investigations made during last cold weather has been to show that there is some difficulty in bringing the total requirements, inclusive of the quarters for non-commissioned officers, within the sanctioned area of 12,000 square feet. This matter having received careful consideration, it has been decided to accept His Excellency's views in regard to the area which should be allowed, *i.e.*, 12,818 superficial feet, including all requirements for a Regimental Institute for a battalion of British Infantry, and a despatch containing a recommendation in this sense has been addressed to the Right Honorable the Secretary of State for India.

3. The Commander-in-Chief has also drawn attention to the desirability of the various institute schemes under consideration being completed without delay. The Government of India accept this view also, and I am desired to say that the preparation of plans and estimates for the conversion of existing buildings to the required purposes on this revised standard of area and the execution of such minor works as may be necessary to give effect to the change may be proceeded with in anticipation of the formal sanction of the Secretary of State, it being understood that the permission now given as regards execution applies exclusively to minor works, *i.e.*, those costing under Rs. 2,500, and that every case in which that limit will be exceeded will be referred for orders in terms of Military Department No. 1925-MW of 23rd September 1889.

4. Two other points in your letter of the 8th July remain, namely—

(1) As regards the inner verandah space of barracks with double verandahs being invariably reckoned as a part of the area admissible.

(2) Proposal that the space for institutes in the hills should be $\frac{4}{5}$ths instead of $\frac{3}{4}$ths of that allowed in the plains.

5. In respect to (1), I am to suggest that while the inner verandah space shall usually be reckoned as a part of the area admitted, any special case might be considered on its own merits.

6. In respect to (2), I am to say that the reasons given by the Umballa meeting for this increase in the area for institutes in the hills have been already considered, and unless His Excellency the Commander-in-Chief has special objections to urge, the Government of India will prefer to abide by the decision come to at the meeting of the 15th October 1888.

Read the following paper:—

No. 207. *From Brigadier-General E. COLLEN, C.B., Secretary to the Government of India, Military Department, to the Quarter Master General in India; dated Simla, the 23rd September* 1889, *No. 1927-MW.*

Accommodation for Troops.

I am directed to acknowledge the receipt of your letters noted in the margin, and in continuation of Military Department No. 1318-MW, of the 4th July last, to acquaint you, for the information of His Excellency the Commander-in-Chief, of the modified decisions which have now been arrived at by the Government of India in connection with the requirements of Regimental Institutes.

No. 2741-B of 17th July 1889.
„ 2759-B of 18th „ „
„ 3524-B of 28th Aug. „

2. His Excellency has explained that the result of investigations made during last cold weather has been to show that there is some difficulty in bringing the total requirements, inclusive of the quarters for non-commissioned officers, within the sanctioned area of 12,000 square feet. This matter having received careful consideration, it has been decided to accept His Excellency's views in regard to the area which should be allowed, *i.e.*, 12,818 superficial feet, including all requirements for a Regimental Institute for a battalion of British Infantry, and a despatch containing a recommendation in this sense has been addressed to the Right Honorable the Secretary of State for India.

3. The Commander-in-Chief has also drawn attention to the desirability of the various institute schemes under consideration being completed without delay. The Government of India accept this view also, and I am desired to say that the preparation of plans and estimates for the conversion of existing buildings to the required purposes on this revised standard of area and the execution of such minor works as may be necessary to give effect to the change may be proceeded with in anticipation of the formal sanction of the Secretary of State, it being understood that the permission now given as regards execution applies exclusively to minor works, *i.e.*, those costing under Rs. 2,500, and that every case in which that limit will be exceeded will be referred for orders in terms of Military Department No. 1925-MW of 23rd September 1889.

4. Two other points in your letter of the 8th July remain, namely—

(1) As regards the inner verandah space of barracks with double verandahs being invariably reckoned as a part of the area admissible.

(2) Proposal that the space for institutes in the hills should be $\frac{5}{8}$ths instead of $\frac{3}{4}$ths of that allowed in the plains.

5. In respect to (1), I am to suggest that while the inner verandah space shall usually be reckoned as a part of the area admitted, any special case might be considered on its own merits.

6. In respect to (2), I am to say that the reasons given by the Umballa meeting for this increase in the area for institutes in the hills have been already considered, and unless His Excellency the Commander-in-Chief has special objections to urge, the Government of India will prefer to abide by the decision come to at the meeting of the 15th October 1888.
