2ND JULY 1889, No. 1751 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 18th June 1889, T. No. 3005.

Under the sanction of the Government in Judicial No. 2550, dated the 3rd October 1879, the Sub-Registry office at Jammalamadugu, in the Cuddapah district, was transferred from an *ex-officio* to a Special Sub-Registrar. The offices at Madanapalle, Siddhavattam and Kadiri, in the same district, were similarly transferred under G.Os., dated the 24th March 1882, No. 261, and the 13th November 1885, No. 3064.

2. The accommodation provided for each office is a room 17 feet 8 inches $\times$ 9 feet 4 inches. When I visited Siddhavattam in 1883, I remarked:—

“This office is held in one of the end rooms of the taluk cutcherry which is on the standard design. The room is sufficient for present needs, but it will be necessary hereafter to add a room for the office and to utilize the present one as a record-room.”

3. The Registrar, in asking that this may be done now at each station, writes:—

“Both the almirahs containing records are placed in the room (17 feet 8 inches $\times$ 9 feet 4 inches), besides the other furniture of the office, viz., two office tables, chairs, &c. There is, therefore, no space sufficient to admit parties freely inside the room, who are made to stand in the narrow verandah outside and answer the questions put by the Sub-Registrar, subjecting themselves all along to the inconvenience arising from the inclemency of the weather.”

4. The enclosed statement shows the progress which the four offices have made since 1884-85. Three out of the four have become self-supporting, and the fourth will no doubt become so before long. As it is very desirable that additional accommodation should be provided at each station, I have the honor to request that the sanction of the Government may be obtained for the preparation of the requisite plans and estimates for adding an office-room, according to the revised standard design, and for utilising the present room as a record-room.

Approved and transferred to the Public Works Department for preparation of plans and estimates.

OOTACAMUND,
