The building in question
 No 11 on the site where
 I am informed by Mr
 Welch, was the former
 granary when the 2nd
 District Court was down
 away with. Since then
 the building has been let
 to private individuals
 the Doctor kind is it
 for a short time.

It is an old building and
 is bad repair and as this
 is the case it would better
 be demolished.

As I read the ^{Doc} ~~Letter~~ ^{Letter}, if the materials
 of the building can sold
 and the purchase price to
 remove them the probable
 sum that would be realized
 is \$2000 and
 therefore I consider it advisable
 that this should be done.

Mr Welch informs me
 that he doubts as much
 as \$2000 being obtained
 for the materials and also
 that its demolition would

not at present in -
- prove the apprehensions
to the Sub Collector's Office

Sir,

I have the honor to bring to
your notice that the value of
building No 11 in the District Jail
Rajahmundry as per scheduled
rates amounts to Rs 1740- and that
it would probably fetch if sold
as it stands without the grounds
about Rs 200.

2. The repairs now required to make
it habitable amount to Rs 250 or
in other words they will exceed
the rent for two years even if the
house is continuously occupied.

3. I cannot but think that it will
be advisable to clear away this build-
ing, if it is cleared away the approach
to

2

to the Sub Collector's new office will
also be improved.

4. The favor of your orders is request-
ed

This note states what the building
is, how it came from the place
how it interferes with the approach
to the building, and how its
demolition will improve the approach.
If it is not wanted for any purpose
it seems better to sell it for Rs 800
than to spend perhaps that sum
in pulling it down.
