GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From General *Sir* H. N. D. PRENDERGAST, K.C.B., V.C., Officiating Resident in Mysore, to the Secretary to the Government of Madras, Public Works Department, dated Bangalore, 22nd December 1888, No. 4371/5308.

I have the honor to enclose a copy of a letter No. 1195 M.S., dated the 10th December 1888, from the Executive Engineer, Presidency Division, Bangalore, who was asked to undertake, and has since executed, certain repairs to the Residency buildings here.

2. From Colonel Thompson's letter the Government of Madras will see that no estimates for such works will be sanctioned by the Superintending Engineer, V Circle, until the Residency is formally handed over to the Public Works Department. I have no objection to this course, but, before concluding the arrangement, I beg to state that prior to the transfer of the Fort of Bangalore to His Highness the Maharaja in exchange for the Residency and grounds, all necessary repairs were executed by the Mysore Public Works Department, estimates being first submitted for the Resident's formal approval and sanction; when this was accorded the amount of the estimate was at once placed at the disposal of the Public Works Department. If His Excellency the Governor in Council sees no objection to this procedure, I would suggest that the Presidency Engineer, Bangalore, be instructed to attend to all repairs that may be required to the Residency buildings from time to time on requisitions from the Resident.

3. I may mention that an annual sum of Rs. 4,000 has been sanctioned by the Government of India on this account "to be spent at the discretion of the Resident on the understanding that repairs to the Residency buildings will be a first charge against this grant."

ENCLOSURE.

From Colonel R. THOMPSON, R.E., Executive Engineer, Presidency Division, to the Assistant to the Resident in Mysore, dated Bangalore, 10th December 1888, No. 1195 M.S.

I have the honor to inform you that the necessary repairs to the Residency have been completed, and the question now is how is the expenditure incurred to be met.

2. The Residency has been handed over to the British Government in exchange for the old Bangalore fort, but as yet this building has not been formally handed over to the Madras Public Works Department, and until this is done no estimate for any work that may be carried out on this building will be sanctioned by the Superintending Engineer, V Circle.

3. I therefore request you will be good enough to take such steps as will ensure an early transfer of the Residency and its subsidiary buildings to this department.

Order—dated 18th January 1889, No. 133 W., Public Works.

His Excellency the Governor in Council has no objection to the course proposed by the Resident at Mysore. The Executive Engineer, Presidency Division, will accordingly attend to all repairs to the Residency buildings at Bangalore on requisition from the Resident. In framing estimates for the Resident's sanction, the Executive Engineer will include the usual charges on account of establishment and tools and plant.

2. A copy of these Proceedings will be forwarded to the Resident through the Political Department.

(True Extract.)

Captain, R.E.,
Under-Secy. to Govt., P.W.D.
