Proceedings of the Madras Government

Read the following:—

Office Note from the Examiner of P. W. Accounts
No 17, dated 10th January 1889:—

In the course of the audit of the contingent bills, I have
1. confidentially to question with reference to Gr. O. No 931 W. dated 20th April 1885
charges for the local purchase of Indian telegraph message forms, books and guides.

I think it would save a good deal of trouble to everybody, and
2. also save expense, if I were authorized to indent on the Superintendent, Government
Printing Calcutta, for an annual supply of such books to the department generally,
with the other departmental forms.

I estimate as follows the probable number of books required for distri-
3. bution annually.

	Message forms		Indian Telegraph guides
	Inland	Foreign	
For Executive Engineers. 40×4	160	"	*110
Supg: Engineers 7×4	28	"	28

Examiner Guaranteed Railway Accounts.	6	"	"
Total	242	10	148

Order thereon No 188 W dated 27 January 1889:—

The proposal of the Examiner P. W. Accounts is approved

Copies of the Indian Telegraph Guide for the whole Department are at present received and distributed by the P. W. Secretariat, and on forwarding his next indent, the Examiner should inform the Superintendent Government printing Calcutta that copies need no longer be forwarded to the Secretariat.

2. Officers of the Department will in future obtain their supplies of form books and guides from the Examiner and refrain from making local purchases
