GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 28th November 1887, No. 3540:—

With reference to G.O., No. 1823 W., dated 7th July 1887, on the Provincial statement of objectionable items in the month of March 1887, item No. 19, I have the honor to state that the purchase of materials in the workshops is confined to the actual requirements of work; but so long as there are unfinished jobs there will be materials in hand, the value of materials being commensurate with the cost of unfinished jobs on hand.

2. The value of balance of materials in hand on 1st April 1886, 1st April 1887, and 1st October 1887 is shown in the margin. It will be seen that the balance

Month and date.	BALANCE.		
	Teak timber.	Other material.	Total.
	RS.	RS.	RS.
1st April 1886 ..	19,048	18,177	37,225
1st April 1887 ..	21,175	7,874	29,049
1st October 1887 ..	20,000	3,679	23,679

on the last mentioned date has been reduced to within the stock limit of Rs. 5,000 for the workshops, and that the excess is on account of teak timber and scantlings left in hand from whole logs purchased from the Public Works Stores for the execution of orders

received in the workshops from the divisions.

3. There will be thus always an excess over the sanctioned stock limit for the workshops on account of teakwood. I would recommend that a separate stock limit of Rs. 20,000 should be sanctioned for teak timber in addition to the Rs. 5,000 for other materials for the workshops. The General Superintendent of Public Works Workshops considers that the timber operations can be worked within Rs. 20,000.

No. 1018.

The limit of Rs. 20,000 might, I think, be experimentally assigned as the balance of the "Saw-pit Suspense Account" proposed to be opened in my office note No. 880, dated 16th December 1887 (*vide* remark No. 9 in my summary of Mr. Rainier's inspection notes on Public Works Workshops forwarded therewith).

2. The above limit might probably be considerably reduced if steps were taken for the prompt disposal of all timber cut to waste, and if such waste timber were priced at its probable market, *i.e.*, saleable value, instead of at the same rate as the whole logs from which it is sawn.

3. The question of reducing the limit might, however, be considered hereafter in the light of the information which should become available if the saw-pit suspense account is properly maintained.

MADRAS,
31st January 1888.

(Signed) C. H. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

ORDER—dated 4th February 1888, No. 401 W., Public Works.

A limit of Rs. 20,000 is fixed experimentally as the balance of the "Saw-pit Suspense Account," as proposed by the Examiner, whose remarks in paragraph 2 of the above office note should be considered by the General Superintendent.

2. The necessity for reducing this limit, if practicable, should be kept in view.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Superintending Engineer, V Circle.

FEBRUARY.

Materials

Orders on note by the Examiner, Public Works Accounts, on report from the Superintending Engineer, V Circle, in regard to the outlay on account of — in the Public Works Workshop division.

257 257
I entirely depends which
this so called Public Works
is and in the information
which can be (nothing) given
by the S. L. L. Commission. I
do not see that action can
be taken.

The Supt. E. then to asked to
to look into the matter. In
if the Supt. E. is necessary for
submitting the matter to the
Supt. E. for his consideration.

2 If this is a general
function it is irregular. But
if only done on a special
occasion. I see no objection
to the Supt. E. of the Workshop
doing it, as the Commission
to the same. I see no
objection to the Supt. E. making
a list of charges in that note.

3 I do not see how these
charges can be carried
Supt. E. might be asked if
he has any objection to the
Commissioner's proposals. I see
no objection to the Supt. E. making
a list of charges in that note.

4 & 5 The duty is partly
attention. The duty is partly
is in the hands of the Supt. E.
6 Requires attention. The duty is
partly in the hands of the Supt. E.

257
OF THE MADRAS GOVERNMENT.

UNDER date the 4th Feb. 1888.

Read the following

to - (H.E. No. 87 of 22nd Jan. 1889.)

Communicated to the
Supt. Engineer V Circle for the
information and guidance of the
General Superintendent Public
Works Workshops with the
following remarks.

Item 1. The Supt. Engineer will
look into the matter and if he
thinks any attention necessary
he should submit his proposals
for consideration.

Item 2. If this is done as a
general practice this irregular
and should be discontinued.
If only done on special occa-
sions as an accommodation
it does not appear to be objectionable.

Item 3. The General Superintendent
will report whether there is any
objection to the adoption of the
Supt. Engineer's proposals.

Item 4 & 5. Requires attention.
The Supt. Engineer is to see that
the Supt. Engineer's provision and
it is to be reported that this was
not seen to before.

Item 7. The Superintendent

Notes against division and
it is to be arranged that this
and some other

7 I think of the future
to transfer the work monthly
at a valuation to stock and
not to be completed but the
month to be made to see if he
could not make it any the year

It is not practicable to
(and unable to try to do so
by account) to have an
account monthly account
of profit & loss with that can
be done in any case in a month
to make up the account
and an account. The monthly
account can be only a statement

8 A Report to be made

9 No notice required

10 The another letter to be
sent as soon as practicable

11 Consider it that the
account to be done. The
it is to be in the White
Stone. Better to do it in
the month of June

11 Something which seems
highly to be had right as soon
as practicable

12 Report to be made

13 8.

14 No notice required

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 1st Jan 1889

Read the following

From The Engineer P. B. Accounts - (H.E. No. 87 of 22nd Jan 1889)

Communicated to the
Superintendent & Circle for the
information and guidance of the
General Superintendent, Public
Works Workshops with the
following remarks.

Item 1. The Superintendent will
look into the matter and if he
thinks any attention necessary
he should submit his proposals
for consideration.

Item 2. If this is done as a
general practice this irregular
and should be discontinued.
Work only done on special occa-
sions as an accommodation
it does not appear to be objectionable.

Item 3. The General Superintendent
will report whether there is any
objection to the adoption of the
Engineer's proposals.

Item 4, 5 & 6. Require attention
The rates required to be item 6
should be required provision and
it is to be reported that this was
not seen to before

Item 7. The Superintendent

Should if possible dispose
of the "scrap" at the end of
each half year. A monthly
account of profit and loss in
connection with the foundry
could be approximated only.
Item 8. A register should be
opened.

Item 9. No remark.

Item 10. The factory to be
kept should be changed to the
workshops and it should be
sold as soon as practicable.

Item 11. The discrepancy should
be put right as soon as possible.

Items 12 + 13. Require attention.

Item 14. No remark.
