GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper :—

From the Superintending Engineer, IV Circle, dated 26th January 1889, No. 41 E.W.

Order—dated 1st February 1889, No. 266 W., Public Works.

In the statement of surrenders and demands recorded above, the Superintending Engineer, IV Circle, surrenders the sum of Rs. 12,350 allotted by the Government of India in their letter No. 2355 M.W., dated 28th December 1888, for expenditure during the current year on works connected with the water-supply to the Lawrence Asylum at Ootacamund. He explains that it is impossible to spend the amount before the close of the current official year, as all the materials required for the work have to be obtained from England, and he proposes to transfer the sum to the marginally-noted works, provided that the next year's grant of Rs. 9,500 for the apothecaries' quarters at Wellington, together with Rs. 2,850 from the lump sum allotment for repairs, or Rs. 12,350 in all, should be re-allotted during 1889-90 for expenditure on the Lawrence Asylum water-supply work. The Government of India will be requested to sanction the proposed transfer, and in the meanwhile the Superintending Engineer will submit, without delay, an indent on the Home Government for the piping required for the last-named work, &c., and also an estimate of the probable cost of purchasing the articles in India.

	Rs.
Quarters for three apothecaries at Wellington	8,000
Military repairs, Nilgiri division ...	4,350
Total ...	12,350

2. The Superintending Engineer also surrenders Rs. 2,000 from the grant for constructing sheds for the transport animals at Calicut. The surrender will be accepted, and Rs. 600 therefrom will be transferred to constructing a bakery at Wellington as proposed by the Superintending Engineer; and the Government of India will be requested to sanction the transfer of the balance (Rs. 1,400) to the following works :—

		Rs.
Military minor works	Nilgiri division	920
	Coimbatore division	230
Do. repairs, Coimbatore division		250
	Total ...	1,400

3. The Executive Engineer concerned can, under para. 1922 of the Public Works Code, appropriate the sum of Rs. 600 surrendered from the grant for constructing a slaughter-house and hanging shed at Calicut to meet the demands on (1) "constructing parapet wall at West Hill, Calicut" and (2) "petty improvements to the regimental lines at Mangalore."

4. Funds not being available with the Government, the demand on account of repairs in the Coimbatore division should be restricted to the extent made available by surrender.

5. The sum of Rs. 409 surrendered from the current year's grant to the Nilgiri division under Imperial Civil Works, Postal Repairs, will be transferred to the Cuddapah division, where funds are urgently required (*vide* G.O., No. 45 W., dated 9th January 1889).

6. Since grants for Minor New Works, Postal, are at the disposal of the Director-General of the Post Office of India, the Superintending Engineer will apply to that officer for funds required for renewing the roof of the Post-office at Cherambadi.

From

W. B. de Winton Esquire

EXECUTIVE ENGINEER, NILGIRI DIVISION,

OOTACAMUND,

To

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE,

COIMBATORE.

SIR,

In reply to your endorsement No. 14/N1 of 14th Instant, just received, I have the honor to report that it is quite impossible for me to spend the amount allotted for "Works" in connection with the Lawrence Asylum water supply in current official year, because the whole of the materials for the work will have to be obtained from England.

2. But I beg that it may be transferred as follows:-

Constructing Apothecaries Quarters at Wellington	9500
Imperial Military Repairs	2850
	12350

3.

3. For the Apothecaries Quarters, I have a grant in current year of ₹ 6500, and I notice that the balance is allotted in the preliminery issue of the Imperial Military Budget for 1889-90. But the contractor for the work asked to be permitted to complete the work at once, on the score of economy & and agreed to wait for the balance of the estimate till April. I consented to this arrangement and the consequence is that the work is now almost completed. I trust — therefore that Government will accede to this transfer and allot the amount (₹ 9500) in 1889-90 for Lawrence Asylum water — supply instead.

4. I have already explained in my No 3772 d/ 17-1-89 the urgent necessity for an additional grant under imperial Military Repairs and I beg that if the transfer

I

I now propose is made, Telegraphic intimation of the fact may be sent to me.

266

I have the honor to be,

Sir,

Your most obedient servant

Executive Engineer

Total Rs 12,350

b

lumpsum allotment for repairs, or Rs. 12,350 in all, should be reallotted during 1889-90 for expenditure on the Lawrence Asylum water supply work.

The Govt. of India will be requested to sanction the proposed transfer, and in the meanwhile, the Supty. Engr. will submit without delay an indent on the Home Govt for (the requisite for the last named work) piping &c, and also an estimate of the probable cost of purchasing (the articles) in India.

2. The Supty. Engineer also surrenders Rs. 2,000 from the grant for constructing sheds for the transport animals at Calicut. The surrender will be accepted, and Rs 600 therefrom will be transferred to constructing a Bakery at Wellington as proposed by the Supty. Engr. and, the Govt. of India will be requested to sanction the transfer of the balance, Rs 1,400 to the following works.

	Rs
Military Minor Works, Nilgiri Dn.	920
Do — Do — Coimbatore Dn.	230
Do — Repairs — Do —	250
Total	Rs 1,400

24

3. The Executive Engineer concerned can under para 1922 of the P.W. Code appropriate the sum of Rs. 600 surrendered from the grant for constructing a slaughter house and hanging shed at Calicut to meet the demands on (1) "constructing parapet wall at West Hill, Calicut" and (2) "Petty improvements to the Regimental lines at Mangalore".

4. Funds not being available with the Govt., the demand on account of repairs in the Coimbatore Division should be restricted to the extent made available by surrender.

5. The sums of Rs. 409 surrendered from the current year's grant to the Nilgiri Division under Imperial Civil Works, Postal Repairs, will be transferred to the Cuddapah Division where funds are urgently required. vide G.O. No: 46 W dtd 9th January 1889.

6. Since grants for minor new works, Postal, are at the disposal of the Director General of the Post offices of India, the Supty. Engineer will apply to that

that office for funds required for renewing the roof of the Post office at Cherambadi.
