Sir

I have the honor to request that you will be pleased to obtain sanction for the construction of a new building for locating this office.

This office was opened on the 1st 1882, and continues to be held in a rented building (the rent being 4 Rs a month). In the report on the inspection of this office by the Registrar, the Inspector General has been pleased to order that "this house is not well adapted for an office. If another house can be had for the same rent it should be secured." But no better house is at all available on this locality. Again in the report on the inspection of this office by the Registrar on the 19th 20th January 88, the Inspector General has been pleased to order that "if the office no self-supporting application will have to be made to the Government to build a new office". And from the statement I have subjoined below it will be seen that this office has

all along been not only self supporting but also a source of revenue.

Statement showing the total receipts and the total expenditure for the years (1881-82) to (1887-88) the figures having been taken from the administration report for the several years.
