I am of opinion that the provision of a building which can be used both as Church and School should be considered in the Educational Dept - C.G.A -

From the Superintendent Remounts Depôt, Hosur, No. 737. dy 14th September 1888.

Endorsement from the Military Deptt: No: 6312 dy 18th Septr: 1888.

FOR ORDERS.

Whether the number to be provided for 27 (i.e. ×counting 2 children as 1 adult) is sufficiently large to warrant the erection of a separate church edifice.

The rules do not seem to contemplate the provision of churches at Military stations for less than the wing of a Regiment of Infantry or Cavalry or a Battery of Artillery.

VH | Vide

×Vide Rule X Note 3 of the Rules on p. 37 of the Appendices of the P. W. Code.

The church & school are to be a single building & cannot be separately considered. What is proposed is to build a school room in which service can be held - not to build a church. I do not understand the rules as saying that church accommodation will not be given for anything below a wing &c. Rule VI merely lays down how many seats shall be provided for a wing &c, but Rule III recognises an obligation to provide accommodation at all permanent military stations. Does such a station? Certainly it is not in the same class of a station where active troops are

Vide Rule VI Appendix D of the P. W. Code.

The charge would fall against the Provincial grant.

The question of the school room can be considered in the Educational Department

maintained & that seems to be the sense in wh the term is here employed.

I am directed to say that the rules do not apply but that the Govt would be inclined to give a grant if possible — that the building proposed however is not a school but a church & cannot be used for divine service & that it must be considered in the Educal dept

Rule XI A only deals with Railway depots or stations — the Remount depot is not a circulate.

READ the following paper

Endorsement in the Public Works Department dated 25th September 1888 No 725 D on letter from the Superintendent, Remount Depôt, Hosur, dy 14 September 1888 No 737.

Read also the following letter from the Director of Public Instruction, Madras, dated 8th December 1888 no 9189

Adverting to Reference on no. 790 of 1888 I have the honor to state that the Remount Depot School, Hosur, is an aided institution receiving aid from Provincial funds on the salary grant system, and that towards the substantial repairs of the building a third grant can be allowed from this Department under Chapter X of the Grant-in-Aid Code.

2. The building is not used solely for educational purposes, it being used for Church services as well. This fact will have to be considered in assigning a grant from the fund at the disposal of this Dept. As, however, the estimated total charge is not stated, I am unable to say definitely what sum can be set apart from this Dept.
