OFFICE NOTE No. 2328

With reference to G.O.No. 1230 W. dated 25th. April 1888, I beg to forward herewith standing orders to the P. W. D. Code and Appendices regarding the rules to be observed for the supply, repair and custody of furniture for Government Houses in the Presidency, and would suggest that they be forwarded to the Private Secretary to His Excellency the Governor for any remarks that he may wish to make before being submitted to Government for approval.

2. With reference to the portion underlined in red ink in rule V, it is necessary to nominate the officer to be entrusted with the custody and care of the furniture, and his official designation should then be inserted in the standing

Government House,

Madras, 14. 11. 88.

No. 421

Sir,

I have the honour to reply to your letter No. 3738 dated 6th Oct. '88. Referring to Rule I. it would be much more convenient if the Private Secretary retained the ^{power} ~~part~~ to purchase Furniture, merely sending the bills as vouchers to the Superintending Engineer, P. W. D. Things are often bought from England, sometimes from private individuals, who are disposing of their furniture. Sometimes the Governor may bring out furniture for the House. I do not imagine that the rules are likely to be changed so as to make such proceedings within rule. I should think it better if the Private Secretary were allowed to purchase in anticipation of the submission of a detailed estimate by the Superintending Engineer. As the

Sanction of the estimate is with
the Private Secretary, it seems rather
unnecessary that he should wait in
all cases till the Superintending Engineer
prepares the estimate. ^{care of} At present
delay occurs because the Public
Works Department are forwarding
me for sanction estimates for
furniture which I have actually
bought. I should be glad if these
remarks may be considered in
case there is any chance of a
proviso to the effect I suggest, being
adopted.

Rule 2 is unobjectionable,
but in the case of small grants
such as this immediately under
the administration of one person,
it seems almost superfluous.

With reference to Rule 5,
the actual care & custody of the
furniture will be in the hands of
the Military Secretary to the Governor

who will report to the Executive
Engineer as desired when there is
any damage or destruction of
furniture.

With reference to Rule 7, the
list therein contained has already
been accepted.

I have the honour to be,

Sir,

Your most Obedient Servant,

J. W. C.

There appears to be no objection to the Private Secretary's proposal to retain the power of purchasing furniture in his hands, and the draft standing order has been modified accordingly; but it appears advisable in this case, to lay down, that the Executive Engineer should only pay bills for expenditure incurred by the Private Secretary as far as it can be done without exceeding available

grants, so that he may not become involved in the consequence of any excess payments by the Private Secretary, and the standing order with these modifications is herewith resubmitted for the approval of Government.

Order accordingly
it is all
right please
