GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 31st March 1885, No. 141 W.:—

With reference to G.O. No. 736 W., dated 24th March 1885, I have the honor to request that I may be favored with the views of Government in regard to the procedure to be adopted when buildings are hired for the use of the Military Department.

2. It has been the practice hitherto to communicate sanction for the hire of private buildings to this office, in the form herewith enclosed (which please return), but I doubt whether this need be done in future, or whether any sanction of Government to the hiring of private buildings is necessary except in extraordinary or ultra-routine cases.

3. Under code paragraph 1221, Executive Engineers are prohibited from paying for hired premises unless under sanction of Government except in cases of buildings required for military purposes. Under code paragraph 1396 A. *et seq.*, the department is not only authorised, but required, to hire accommodation when necessary, and though the paragraph states that this is to be done "under the orders of Government" and with "previous sanction," I doubt whether such order or sanction is intended to be given in all ordinary and routine cases. Outside of the buildings which come under paragraphs 1419 and 1420, accommodation required from this department is laid down in paragraph 1463, and inasmuch as it is so laid down, it seems to me superfluous to require any further order or sanction for its provision, even by hire of private buildings.

4. If accommodation *must* be furnished, this department cannot well be limited as to the rent payable for private buildings, though it would obviously endeavour to pay no more than the compensation scale.

5. Under the orders communicated with G.O. No. 736 in question, no accommodation can now be engaged by the Military Department. Forms of notice, such as that enclosed, may perhaps be necessary for the Executive Engineers concerned, as a warrant for the rank of person for whom accommodation is required, but not for this office, which would audit the rent or the compensation with reference to the eligibility of the person to quarters, the Executive Engineer being responsible for the provision of quarters.

6. The points on which I request information are—

(1) Whether any special order of Government is necessary to the hiring of accommodation, when a general order is laid down stating the accommodation that this department is required to provide, and the ranks to be accommodated.

(2) Whether in cases in which the rent to be paid by the department exceeds the amount of rent (or compensation) fixed for rank sanction of Government is to be obtained previous to the quarters being hired.

(3) If sanction is necessary in either or both of the above, whether such sanction is to be given in the Military Department or in the Public Works Department.

ORDER—dated 9th April 1885, No. 861 W., Public Works.

The Examiner is informed that no special orders of Government are necessary for hiring accommodation admissible under code rules.

2. The rent to be paid will be settled by the Executive Engineer in each case; but the prior sanction of Government should be obtained when the rent proposed exceeds the authorised scale. Such sanctions will issue from the Public Works Department.

PARAS. 1136 *et seq.*, AND APPENDIX C.

1. It will be the duty of the officers of the department, on requisition of the local authorities, to provide quarters and all other necessary buildings, to the extent allowed by the regulations, for troops and public military establishments entitled to, and requiring accommodation, and for the families of soldiers on actual service. The executive engineer will arrange for this by allotting public buildings which may be vacant, or which can be vacated, or where no suitable are available public buildings already exist by hiring or otherwise engaging suitable quarters or buildings as may be requisite, to which course the previous sanction of the Government will be obtained when the rent proposed exceeds the authorised scale.

2. Applications for the sanction of the Government to the hiring of quarters for military subordinates when the proposed rent exceeds the authorised scale will be submitted in this form. The sanction, when given, will hold good in Nilgiri division for a period not exceeding twelve months, and in all other divisions for a period not exceeding six months. Executive engineers should endeavour within the period of sanction to provide other quarters at a rent not in excess of the authorised scale; but when this is not practicable, renewed sanction for a further period not exceeding twelve or six months, as the case may be, should be applied for beforehand. Executive engineers should be careful to ascertain the probable length of time for which quarters are likely to be required before entering into any agreement with a landlord.

3. The hiring of houses for military purposes is to be strictly limited to meet the essential requirements, according to the regulations for the accommodation of troops, and for the families of soldiers and for medical and other subordinates authorised to be provided with free quarters and is not to be extended to the provision of offices and such like miscellaneous purposes, unless under the orders of the Government.

4. Should buildings be hired by the military authorities without the intervention of the department and without the sanction of the Government, the Executive engineer will not be at liberty to defray the charge from the funds at his disposal until sanction is obtained.
