OFFICE NOTE No. 1430

To

W.

In his return of sanctioned estimates for May 1889, the Supg. Engineer Periyar Project sanctioned an estimate of Rs. 160 for "making a tennis court" under K buildings. The sanction was intended to cover an outlay of Rs. 145 incurred by the Executive Engineer No. I Periyar Division in November 1888 and debited by him originally to "main and temporary dams" and "right bank escape", but afterwards written back in May 1889 to the first named work. I pointed out to the Supg. Engineer that the sanction accorded by him was not for a public object and should apparently be cancelled. The Supg. Engineer in reply stated that he did not agree with me in considering that the tennis court was not for a public object and that he had no reason for cancelling the sanction given.

2. On receipt of Supg. Engineer's

reply ~~referred to above~~, I sent him a copy of G.O.No.948 W.dated 7th.April 1886, wherein sanction to a similar charge in connection with the Supg. Engineer's residence at Bez..da was refused, and suggested a reconsideration of the matter. The Supg.Engineer in reply now states that the case referred to in the G.O. quoted does not appear to be quite similar to that of the tennis court at Periyar which is not attached to any particular building, but is for the use of the staff generally, and that under these circumstances he does not think it necessary to cancel the sanction already given.

3. I beg therefore to submit the above facts for consideration and orders of Government.

No 2941 dated 18 Octr 1889

For Orders — I do not see that any exception can be made in favour of the staff on the Periyar Project who draw additional allowances to compensate for the disadvantages of the locality & can appeal & contribute towards constructing a tennis court out of their own funds.

Certainly not. The charge must be disallowed. Pulle 16.10.89
