GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper;—

G.O., dated 22nd November 1890, No. 856, Financial.

*Read*—the following letter from E. C. JOHNSON, Esq., Agent to the Governor in Ganjam, to the Chief Secretary to Government, dated Chatrapur, 7th August 1890, No. 474.

Adverting to paragraph 3 of G.O., dated 25th September 1888, No. 743, Financial, directing the Agent in Ganjam to submit a special report on the subject of the Agency lines of communication, I have the honor to append a list of the important roads in the Agency tracts of the Ganjam district. The numbers given correspond with those on the accompanying map:—

*No.* 1. *Kalipano Road*, 51 *miles* (*maintenance grant, Rs.* 50 *a mile*), *from Kalingia at the top of the ghât to Balliguda viâ Raikia.*—This is reported to be the chief road in the Maliahs, is masonry bridged throughout with the exception of the Mahasingi river, the bridge over which has been washed away (an estimate for a new bridge has lately been returned countersigned to the Superintending Engineer), and of four timber bridges which are being converted. The road is passable by carts.

*No.* 2. *Sarangodo Road*, 38 *miles* (*maintenance grant, Rs.* 40 *a mile*), *from Udayagiri through Sarangodo to Mahasingi.*—This road joins the Kalipano road (No. 1) at Mahasingi. It is timber bridged throughout. Two arms of a stream near Sarangodo require to be bridged. There is only one steep ghât on it east of Kusudandi. This is short and carts easily accomplish it. In order to go to Ballíguda from Udayagiri, either by the Kalipano or Sarangodo road, the river at Mahasingi must be crossed.

*No.* 3. *The Linepada Road*, 10 *miles* (*maintenance grant, Rs.* 30 *a mile*), *from Chokkapad Road near Tentiliguda to Linepada near the Boad Frontier.*—Is timber bridged and small streams are crossed by road dams. A considerable ghât occurs about halfway. The road is passable by carts.

*No.* 4. *The Chokkapad Road*, 20 *miles* (*maintenance grant, Rs.* 25 *a mile*), *from Tickaballi to Ghatiguda through Tentaligodo and Possera.*—This road (which is passable by carts) is also timber bridged. The Possera ghât is the only one on it. From Ghatiguda a road was constructed, as a famine work, as far as the Agency boundary near Boddangi, with a view to connect the line eventually with the Russellkonda road. It appears from the Special Assistant Agent's tour report for 1889-90, that the cyclone of November last destroyed the whole work. I agree with Mr. Horne, who does not recommend any further expenditure on this work—*vide* my side note against para. 7 (*c*) of the Special Assistant Agent's tour report for 1889-90.

*No.* 5. *The Tickaballi Road*, 6 *miles* (*maintenance grant, Rs.* 15 *a mile*), *from Sarangodo Road near Girisingia to Tickaballi.*—This road goes over no ghâts and is passable for carts.

*No.* 6. *Boad Road*, 26 *miles* (*maintenance grant, Rs.* 70 *a mile*), *from Kalingia through Kavalgam and Sankarkol to the Boad Frontier.*—From the frontier, the road extends on the Bengal side to Bispara, the head-quarters of the Boad taluk, and

communicates with Sambalpur. It is masonry bridged and there are no ghâts. A considerable traffic is carried on this road, and it is the only cart route at present connecting this district with the Central Provinces. There is one unbridged stream near the frontier.

*No.* 7. *Raikia-Digi Road from Raikia to Budahangia.*—There are no ghâts on this road. It is intended to connect this road with the military road near Simanbadi. Rs. 200 have been provided for this work in the current year's budget.

*No.* 8. *Mohangiri Ghât Road.*—The portion completed is practicable for carts; and it is intended to be so to the frontier at the foot of the ghât, so that through cart traffic will be possible from Russellkonda and the coast to any place in the Central Provinces. This route will be shorter to places westward than the Boad road (No. 6). The timber bridges on this road will have to be replaced by masonry ones eventually. Rs. 4,000 have been provided for this work in the current year's budget.

*No.* 9. *Main Military Road.*—This road runs from Balliguda on the north to Luhasingi in the south at the frontier of the Parlákimedi Maliahs. The line is connected with Serangho and Gumma and thence with the plains. It is timber bridged; there are no considerable rivers to cross; ghâts are steep and frequent and the road is impassable for through cart traffic, but carts are used in sections of it, near Mohana and Chendragiri. Traffic on it is mostly confined to foot-passengers and occasional pack-bullocks.

*No.* 10. *Taptapani Ghât Road.*—As regards this road I beg to refer Government to paragraph 36 of the hill tour report for 1889-90.

*No.* 11. *Road from Loborasingi to Chompa Ghât, about* 7 *miles, and from Jogorapalli to Dhobala Ghât, about* 3 *miles.*—These are the only roads passable by carts in the Senior Assistant Agent's division.

*No.* 12. *Road from Munisingi to Gumma, about* 5 *miles.*—Only this portion of the Parlákimedi-Gumma road is practicable for carts. The so-called roads in the Principal Assistant Agent's division are mostly mere foot-paths.

2. A road has lately been made from the Rayagada fort to connect it with a Parlákimedi estate road, which runs northward from Uppalada. Rayagada being situated below the ghâts, carts go there every week from Parlákimedi and other places for the Rayagada market. The road from Uppalada is reported to be in a very unsatisfactory condition—*vide* paragraph 9 of the Principal Assistant Agent's hill tour report for 1889-90 regarding road from "Uppalada to Rayagada."

3. The Zemindar of Parlákimedi gives notice that he will withdraw the sum of Rs. 2,000, hitherto annually spent out of his estate funds for the maintenance of the Maliah roads in his estate, but he will be prepared to contribute some part of the expense. I shall shortly submit a report on this subject, with recommendations as to what roads, bungalows, and school buildings it will be necessary to make provision for.

4. A sketch map showing the lines of communication, &c., in the Agency tracts, is enclosed.

MEMORANDUM.

[Office note from the Financial Department, dated 18th October 1890, No. 172.]

In returning the enclosures of office note from the Financial Department, dated 18th October 1890, No. 172, the undersigned has the honor to state that the services of an Assistant Engineer can be made available for special work in Ganjam before the end of the current official year.

CHEPÂK, (Signed) J. PENNYCUICK, Colonel, R.E.,
24th October 1890. Secretary to Government, P.W.D.

---

*Order*—dated 22nd November 1890, No. 856, Financial.

The Government has been desirous for some time of placing a professional Engineer in charge of the chief Civil works in the Ganjam Agency, in order to improve the existing communications and to open up the country by new lines, but the difficulty of sparing an officer from the Public Works Department has hitherto stood in the way of any such arrangement.

2. In the endorsement read above, Colonel Pennycuick states that the services of an Assistant Engineer can be made available from the beginning of next official year.

3. The Government hopes that the Chief Engineer will be able to depute an European officer for this important duty.

4. The grant for Civil Agency works (Rs. 23,000) in 1891-92 will be placed at the disposal of the Public Works Department on application, and whatever additional grants are required by the Assistant Engineer, and recommended by the Chief Engineer, will be sanctioned during the course of that year.

5. Mr. Johnson, who is well acquainted with the district of Ganjam and its needs, will be requested to afford every assistance to the special officer on his first arrival and to furnish copies or originals of such past reports on the Agency as will be of service to him.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

---

ORDER—dated 5th January 1891, No. 9 W., Public Works.

Communicated to the Superintending Engineer, I Circle.

2. The Civil Agency works referred to in the foregoing Proceedings will, from the 1st April 1891, be formed into a special sub-division under Mr. H. A. Moss, Assistant Engineer, who has been nominated to the charge. The Superintending Engineer, I Circle, will report what establishment is required for the sub-division.

3. The Financial Department will be requested to place the grant for Civil Agency works (Rs. 23,000) in 1891-92 at the disposal of the Public Works Department on the 1st April 1891, and the Superintending Engineer will, after examining into the requirements of the sub-division, report in due course what additional grant is required.

(True Extract.)

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Superintending Engineer, I Circle.

Office-note from the Consulting Architect to Government, dated 11th June 1891, No. 997.

Order—dated 25th June 1891, No. 1709 W., Public Works.

With reference to para. 1322 of the Public Works Code and paras. 5 and 9 of G.Os., Nos. 372 W. and 1203 W., dated 10th February and 30th April 1891, respectively, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Provincial for incomplete works of 1890-91 and for such new works as are considered urgent.

2. A sum of Rs. 2,52,286 was reserved in the budget for incomplete works, but the modifications of grants subsequently sanctioned reduced the reserve to Rupees 2,17,482. Adding to this amount Rs. 37,527 resumed as shown below, the sum available for distribution will be Rs. 2,55,009:—

| | Rs. |
|---|---|
| Grants surrendered from items 44 and 49 of the statement printed with these Proceedings ... ... ... ... ... ... | 837 |
| Reserve with the Government under civil buildings, repairs ... | 32,284 |
| Do. do. under tools and plant ... ... | 406 |
| Civil buildings, repairs, Tanjore division ... ... ... ... | 4,000 |
| Total ... | 37,527 |

3. The demands under original works amount to—

| | Rs. |
|---|---|
| Incomplete major works ... ... ... ... ... ... | 1,48,169 |
| Do. minor do. ... ... ... ... ... ... | 27,844 |
| New major works ... ... ... ... ... ... ... | 39,190 |
| Do. minor do. ... ... ... ... ... ... ... | 3,960 |
| Total ... | 2,19,163 |

4. The allotments sanctioned * under original works amount to—

* *Vide* statement attached.

| | Rs. |
|---|---|
| Incomplete major works ... ... ... ... ... ... | 1,18,353 |
| Do. minor do. ... ... ... ... ... ... | 23,890 |
| New major works ... ... ... ... ... ... ... | 33,365 |
| Do. minor do. ... ... ... ... ... ... ... | 3,960 |
| Total ... | 1,79,568 |

5. The following lump sum allotments applied for by Superintending Engineers and the Consulting Architect to Government, in addition to the grants provided in the budget, are sanctioned from the Provincial reserve with the Government:—

| | | | | | RS. |
|---|---|---|---|---|---|
| Civil buildings, minor works, Trichinopoly division | ... | ... | ... | | 1,250 |
| Miscellaneous public improvements, minor works, West Coast division | ... | ... | ... | | 500 |
| Civil buildings, repairs, South Arcot division | ... | ... | ... | | 240 |
| Do. do. Trichinopoly do. | ... | ... | ... | | 500 |
| Do. do. Architect do. | ... | ... | ... | | 11,831 |
| Tools and plant, Godávari Eastern do. | ... | ... | ... | | 1,000 |
| Do. Public Works Stores do. | ... | ... | ... | | 16,000 |
| | | | Total | ... | 31,321 |

6. Funds have been provided for all the works brought forward by Superintending Engineers and the Consulting Architect to Government, with the exception of those for which provision has already been made and of those for which appropriation is not necessary under Code para. 1908, part III. No grant has been provided for items 25 and 71 of the statement as the works referred to have been abandoned.

7. The allotment of Rs. 326 applied for by the Superintending Engineer, III Circle, for additions and improvements to the Mahal at Gurramkondah in the Cuddapah district is unnecessary under Code para. 1908, part III.

10TH JULY 1891, No. 1896 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 12th June 1891, No. 317 G.N.

I have the honour to submit, herewith, copy of an endorsement, No. 142 Ag., dated the 8th April 1891, received to-day from the Agent to the Governor, Ganjam district, and to request that, under the circumstances therein described, steps may be taken to place at the disposal of the Agent the sum of Rs. 23,000 allotted in the current year's Provincial budget under "Communications." Mr. Wilson, Assistant Engineer, will have charge of the construction of the Post offices at Balliguda and Udayagiri, and of the Mahasinghi bridge of the works requiring professional supervision in connection with the roads specified in G.O., No. 9 W., dated the 5th January 1891.

2. In the endorsement of the Agent under reference he says that Mr. Wilson should have immediate charge of all works for which regular estimates have been framed. I am not aware of what these works are and I have addressed him on the subject.

3. I beg to enclose herewith an extract from a letter, No. 51, dated the 19th May 1891, from Mr. Wilson addressed to the Executive Engineer, Ganjam division, asking for a grant of Rs. 12,850 * for certain special works on some of the roads and to request that you will be so good as to allot the same for expenditure in this official year.

* See statement herewith.

4. The Agent has wired that he requires an immediate transfer of Rs. 5,000 and I have telegraphed to him that he may incur expenditure pending the sanction of transfer of funds by Government.

---

ENCLOSURES.

From A. M. HAYES, Esq., Executive Engineer, Ganjam Division, to the Collector of Ganjam, dated Berhampore, 7th April 1891, No. 52.

In our conversation the other day on the best means of utilising the grants for the present year of Rs. 23,000 which has been allotted for agency communications, we came to the conclusion that it would be better that the whole grant for ordinary repairs should be transferred to the Revenue Department and that the works should be carried out and paid for by the revenue officials as has been done up till now. I gather from your remarks that even if Mr. Wilson had direct control over the money it would be impossible for him to make the payments himself, and that he would have to do so through your subordinates; besides which he would also have to trust to them for the execution of the repairs; this being so, I think that the above arrangement will be the best possible and that in the case of ordinary repairs, Mr. Wilson should act merely as an advising officer. In the case of special works for which regular estimates and professional supervision are required, the grants might be put at the disposal of the Public Works Department

and the works carried out and paid for by Mr. Wilson. For the present, however, the ordinary repair grant only need be considered, and with regard to that I would suggest that you should address Government with a view to having the Rs. 23,000 provided for this year handed over to your department for utilisation.

---

No. 142 Ag.

Forwarded to the Chief Secretary, through the Superintending Engineer. The whole allotment of Rs. 23,000 with the exception of Rs. 600 for a masonry bridge is for repairs to unmetalled roads, and for building and repairing mud and thatch bungalows or schools. Supposing Mr. Wilson's head-quarters to be at Balliguda or Russellkonda, it would be obviously impossible for him to supervise or pay for work done in the Parlákimedi or in the southern part of the Pedda Kimedi Maliahs. Even in the Chinna Kimedi Maliahs, which would be within his reach, I think, considering that the road repairs are executed by the villagers on payment of lump sum to their headmen, that the enforcement of work and payment for the same must remain as before the duty of the local Sub-Magistrate. Mr. Wilson should, as proposed by the Executive Engineer, have immediate charge of all works for which regular estimates have been framed; and should, in regard of * other agency works, act as an advising officer, examining the existing lines and suggesting improvements, supervising when any special work is being carried on, estimating for any important work which may be proposed and carrying it out when sanctioned. He should, for instance, be shortly employed to prepare an estimate for making pucka the already roughly made Govindapur-Lohagudi (Taptapani) ghât, now that Government is taking up the road from Berhampore to the foot of the ghât. Under these circumstances, I consider the grant of Rs. 23,000 should be transferred to the Agency department.

* Sic in original.

Agent to the Governor.

8th April 1891.

---

Extract of a letter from Mr. W. WILSON, Assistant Engineer, to the Executive Engineer, Ganjam Division, dated Mahasinghi, $\frac{19}{26}$th May 1891, No. 51.

With reference to your No. 526, dated 14th instant, I have the honour to report that not having as yet seen the Taptapani ghât which I understand it is proposed to improve, I am not in a position to make final report as to the additional grant required for the year.

With reference to the roads which I have seen on which I have discussed with the Magistrate, I beg to report as follows:—

(1) *The Kalipani road from Kalingia to Balliguda.*—The Sub-Magistrate of Udayagiri informs me that in dry weather, from November to June, there is a considerable amount of cart traffic and that after heavy showers the road becomes very difficult for the traffic as it is made merely of earth and very soon becomes muddy. He also states that in dry weather the road surface becomes ground into dust under wheel traffic and that it becomes very heavy from this cause also. The Magistrate also says that he considers that the portion of road from Udayagiri to Kalingia, 5 miles, could with advantage be metalled, and I estimate the cost for this portion at Rs. 750 per mile or Rs. 3,750 for the whole distance; in addition to this there is one rather severe slope which could be improved, and this I think will cost about Rs. 300. I find that there are no mile or furlong stones anywhere along the road and I propose to provide them from Kalingia, near which the mile stones fixed by the Local Fund Department and to Balliguda, a distance said to be 51 miles. I think that undressed stones set in small turfed mounds and tarred or painted will be sufficient and that the cost will be about Rs. 4 per mile for mile and ¼ mile stones alone which will make the estimate Rs. 204, or say Rs. 200.

There are many streams along the whole road all of which are now bridged with masonry and timber structures, and at many of these streams the road runs down hill to the bridge and up again to the level with a very difficult slope. I propose to provide Rs. 2,000 for this year for the improvement of some of these slopes.

One of the bridge on this road is, as I believe I have already reported, in a damaged state and needs to be renewed; the cost I put at Rs. 200.

*Boad road.—Tikkapalli to Kalingia, 13 miles.*—This road I have not seen, but I hear from the Sub-Magistrate that there is a large amount of cart traffic on it which is impeded by the same difficulties as in the case of the Kalipano road and therefore propose that the above 13 miles should be metalled; this would cost, at the same rate as for the other road, Rs. 9,750 or, say, Rs. 10,000 which could not I think be entirely carried out in this year. If the proposals were approved by the Collector I would suggest Rs. 2,500 as a grant for this year.

*Mohanagiri ghât road from Balliguda to Mohanagiri*—This road is in good repair from Balliguda to Barakomma except that there is one bridge in need of reconstruction; this will cost about Rs 15[illegible] and can be done from the maintenance grant.

2961

Between Barakomma and Pokkirabanda there are three ghâts which it has been attempted to improve by means of zig-zags; these could be much improved if it were thought necessary and I would suggest that, say, Rs 300 for each should be put at the disposal of the Sub-Magistrate. Beyond Pokkirabanda is the Mohanagiri ghât which has been recently finished but which is still very difficult; no great improvement in it could be made without a large expenditure of money and considerable alteration of alignment. When I inspected the ghât I laid out a short line to improve one of the turnings which I think might be carried out this year. I put the cost at 500 rupees and suggest that a grant should be given for it.

With reference to the Sarangoda road from Balliguda to Udayagiri, I understand that all that is needed for its improvement is the substitution of masonry bridges to replace the present old wooden ones and I have provided Rs. 2,500 for this year. As I am unable to see this road myself I shall order the overseer to proceed by it from Udayagiri to Mahasinghi taking sections of the streams for the design of the masonry bridges.

The above all the works which I think necessary from what I have already seen and I shall report further after my inspection of the military road and Taptapani ghât.

* * * * *

---

STATEMENT showing the amounts proposed for expenditure on roads in Ganjam Malya Subdivision for the year 1891-92.

| Particulars. | Amount proposed for 1891-92. |
|---|---|
| Metalling the road from Udayagiri to Kalingia, distance of 5 miles, at Rs. 750 ... ... ... | 3,750 |
| Improving a slope of the above road ... ... ... | 300 |
| Fixing mile and ¼ mile stones from Kalingia to Balliguda, a distance of 51 miles, at Rs. 4 per mile = Rs. 204, or say ... ... ... ... ... | 200 |
| Improving the slopes at bridges along the above road | 2,000 |
| Renewing a bridge (damaged) in the above road ... | 200 |
| | 6,450 |
| Metalling the road from Tikkapalli to Kalingia, a distance of 13 miles and total estimate Rs. 9,750 for this year ... ... ... ... ... ... | 2,500 |
| Improving the road between Barakomma and Pokkinabanda ... ... ... ... ... ... | 900 |
| Improving the turnings of Mohanagiri ghât ... | 500 |
| Replacing the present old wooden bridge on the Sarangada road between Balliguda and Udayagiri masonry ones ... ... ... ... ... | 2,500 |
| Total ... | 12,850 |

ORDER—dated 13th June 1892, No. 1752 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect submit statements of demands under Provincial for incomplete works of 1891–92 and for new works sanctioned but not yet commenced.

2. The following are the demands:—

| | Rs. | Rs. |
|---|---|---|
| Incomplete works— | | |
| Civil Buildings, Major Works ... ... ... | 1,99,944 | |
| Communications do. do. ... ... ... | 74,148 | |
| Civil Buildings, Minor do. ... ... ... | 29,864 | |
| Miscellaneous Public Improvements, Minor Works ... ... ... ... ... ... | 1,199 | |
| | | 3,05,155 |
| New works— | | |
| Civil Buildings, Major Works ... ... ... | 71,590 | |
| Communications do. do. ... ... ... | 7,230 | |
| Civil Buildings, Minor do. ... ... ... | 16,978 | |
| Miscellaneous Public Improvements, Minor Works ... ... ... ... ... ... | 2,755 | |
| | | 98,553 |
| Lump sum allotments in addition to budget grants— | | |
| Civil Buildings, Minor Works ... ... ... | 22,775 | |
| Do. Repairs ... ... ... ... | 2,389 | |
| Tools and Plant ... ... ... ... ... | 3,750 | |
| | | 28,914 |
| Total ... | | 4,32,622 |

3. To meet these requirements, there is only a sum of Rs. 1,70,768 * at the disposal of Government. It is necessary, therefore, that re-appropriations of funds from budget allotments should be made. The grants for budget items 53 † and 54 ‡ will be withdrawn, the works having been practically completed last year. A sum of Rs. 1,500 has been surrendered by the Superintending Engineer, V Circle, from

* G.O., dated 11th June 1892, No. 1732 W.

† Rs. 2,370. | ‡ Rs. 2,485.

17

the grant for the Tanjore division under Civil Buildings, Repairs. This will be resumed as well as the amounts shown in the margin. The Provincial reserve will then stand at Rs. 2,70,123.

| | RS. |
|---|---|
| New Women and Children's Hospital at Madras, item No. 60 of the budget ... ... ... | 55,000 |
| Taluk office at Gurazala, item No. 8 of the budget ... ... ... | 6,000 |
| Taluk office at Hindupur, item No. 12 of the budget ... ... | 6,000 |
| Taluk office at Tadpatri, item No. 13 of the budget ... ... | 6,000 |
| Connemara Library and Victoria Technical Institute at Madras, item No. 59 of the budget ... | 20,000 |
| Total ... | 93,000 |

4. The estimate for the new Women and Children's Hospital at Madras has not yet been sanctioned, the question of site being still under the consideration of the Government of India. The grant for the work will, therefore, be reduced to Rs. 1,00,000 for the present. The allotments for items 8, 12 and 13 of the budget have been withdrawn, as the works have not been commenced and estimates for them have not yet been sanctioned. The reduction of the grant for the Victoria Technical Institute and Public Library at Madras is unavoidable. The amount will be restored later in the year should it be necessary and funds be then available.

5. The following allotments are sanctioned, details being given in the annexed statement :—

| | RS. |
|---|---|
| Incomplete works— | |
| Civil Buildings, Major Works ... ... ... ... ... | 1,65,200 |
| Communications do. do. ... ... ... ... ... | 74,148 |
| Civil Buildings, Minor do. ... ... ... ... ... | 26,694 |
| Miscellaneous Public Improvements ... ... ... ... | 1,199 |
| Total ... | 2,67,241 |

6. Funds have been provided for all the incomplete works brought forward by Superintending Engineers and the Consulting Architect with the exception of the following :—

(*a*) Works for which the demands are less than Rs. 500 each and for which no appropriation is necessary under Code para. 1908, Part III.

(*b*) Works for which funds have been applied for in addition to the budget grants. Allotments for these works cannot be provided at present.

(*c*) Works for which estimates have not yet been sanctioned.

7. It has not been found possible to provide funds for any of the new works proposed for execution. Such of the works as are urgent may be again brought forward later in the year, when, if funds are then available, their claims will be considered.

8. The following lump sum allotments applied for by Superintending Engineers and the Consulting Architec tin addition to the budget grants must also stand over: —

| | RS. | RS. |
|---|---|---|
| Civil Buildings, Minor Works— | | |
| Godávari Eastern ... ... ... ... ... | 4,175 | |
| Kistna Eastern ... ... ... ... ... | 1,000 | |
| Nellore ... ... ... ... ... ... | 4,000 | |
| North Arcot ... ... ... ... ... ... | 4,000 | |
| Salem ... ... ... ... ... ... | 5,000 | |
| Madura ... ... ... ... ... ... | 1,100 | |
| Chingleput ... ... ... ... ... ... | 3,500 | |
| | | 22,775 |

2961

| | RS. | RS. |
|---|---|---|
| Civil Buildings, Repairs— | | |
| Architect Division ... ... ... ... ... ... | | 2,389 |
| Tools and Plant— | | |
| Kistna Western ... ... ... ... ... | 3,450 | |
| Trichinopoly ... ... ... ... ... ... | 300 | |
| | | 3,750 |
| Total ... | | 28,914 |
